Chislehurst, Orpington and Cray Valley Hospital.

THE Council present their Forty-sixth Annual Report, with the Accounts for the year ended 31st December, 1929, and the usual Statistical Tables.

The increasing usefulness of the Hospital to local residents is evidenced by the fact that the number of patients admitted during 1929 exceeded by 50—or over 12%—the preceding year's figure, and is, in fact, the highest on record.

As regards the financial position, the Hospital's income has again exceeded its expenditure, the debit balance on Income and Expenditure Account being reduced by a further £72 to £619. This statement, on the face of it, is very satisfactory, but an examination of the Accounts shows a less encouraging state of affairs. There is a material decrease, as compared with 1928, in the income from Annual Subscriptions, Donations and Entertainments, and, after taking into account slight increases in respect of Congregational Collections and Collecting Boxes, the net result is a diminution in the revenue from these sources of £270. In other words, donations have declined, and had it not been for the increased fees received from patients (as shown in Table F) and the additional interest earned on the Legacy moneys, there would have been, not a surplus, but an actual deficit. Furthermore, had the £163 shown under the heading "Extraordinary" been treated as Revenue, and not Capital, Expenditure, this deficit would have been still further increased.

While the Council have had proof, in the past, of the generosity of local residents, and feel sure that, if the Hospital

were in urgent need, the necessary funds would be forthcoming, they would nevertheless urge once again the desirability of enabling the Hospital to meet its necessary normal expenditure, year by year, out of current income.

In considering the expenditure for the year under review, as compared with 1928, it will be recognised that, as a greater number of patients were treated, several of the items have increased accordingly. Attention is invited to Table B of the Statistics, which, by giving the expenditure in terms of averages, affords a fairer basis of comparison, and shows an actual decrease under all heads except "Domestic" and "Salaries and Wages." In the former case it should be borne in mind that the value of gifts by the Ladies' Linen Association, namely £98, has this year been included. (A similar amount has, of course, been brought into the Accounts as income under the heading of Gifts in Kind). As regards the item "Salaries and Wages," the reason for the increase is that, owing to the inadequacy of the permanent Nursing Staff, it has been found necessary to engage help from outside Private Institutions. The explanation underlying this fact is one which gives rise to grave issues, and is causing the Council much concern. The position is as follows—

For some time past, despite the efforts of the Matron, it has been found impossible to maintain the Nursing Staff at full strength. Enquiries have proved that all Hospitals—and particularly the smaller ones—are at present experiencing the same difficulty; and in the case of our own Hospital, its inaccessibility and lack of amenities accentuate this difficulty. The only solution, it would seem, is to make the Hospital more attractive to Nurses by providing facilities for recreation, with more regular and perhaps longer "off-duty" times. This, in fact, is no mere bait or concession, but rather the right of the Nurses, whose duties, at best, are long and strenuous. It will be obvious, however, that, in order to relieve the undue stress under which the Nursing Staff is at present working, additional help will be required, and here there arises the question of accommodation, which, in the present buildings, forms an insuperable difficulty.

This whole matter has been considered very thoroughly by the Medical Staff and the Council, and though, at the moment, no definite decision has been reached, material reorganisation, both as regards the buildings and the general running of the Hospital, is contemplated, which it is confidently hoped will be in all respects advantageous.

The Council welcome this opportunity of expressing their warm thanks to all who, by their gifts and service, have enabled the Hospital to continue its work for yet another year.

The Subscriptions and Donations enumerated on subsequent pages are gratefully acknowledged, and thanks are offered to the local Treasurers—including the Members of the Special Committees in the Orpington and Green Street Green districts—for their services in collecting these contributions. The Special Donations received include grants from the Hospital Saturday Fund, the Hospital Sunday Fund and the League of Mercy, as well as £200 from Alexandra Day, which has been allocated, in the lists, in proportion to the amounts collected in the various districts. In addition to monetary contributions, many valuable gifts in kind have also been received from the Ladies' Linen Association and others, as shown on page 35.

The Accounts have again been audited by Mr. Percy H. Green, F.C.A. As has been mentioned in previous Reports, the Hospital has no claim whatsoever on Mr. Green, and the Council are therefore particularly indebted to him for carrying out, gratuitously, this onerous work.

In conclusion, the Council would express their appreciation of the services rendered by the Members of the Consulting and Acting Medical Staffs, and the Nursing Staff. It is upon their skill and efforts that the fulfilment of the Hospital's purpose depends, and acknowledgment is due to them for their devoted work in the interests of the patients committed to their care.

STATISTICAL TABLES.

CHISLEHURST, ORPINGTON AND CRAY VALLEY HOSPITAL.

Statistics for the Year ended 31st December, 1929,
compared with those of the previous Year ended 31st December, 1928.

(A) Number of Beds and In-Patients.

	Numbers in 1929. <i>(Year under review)</i>	Numbers in previous year.
1. Number of Beds available for use	29	29
2. Average number of available Beds <i>as counted and recorded daily</i>	29	29
3. Average Number of Patients resident daily <i>as counted and recorded daily</i>	19.58	18.2
4. Number of In-Patients in the Hospital at the beginning of the year	16	20
5. " " " admitted during the year	466	416
6. " " " in the Hospital at the end of the year ..	19	16
7. Average number of days each Patient was resident	15.44	15.83
[Ascertained by dividing the yearly total of daily counts by the number of Patients treated to a conclusion, i.e. (4) + (5) - (6).]		
8. Number of Patients resident for (i) only 1 day	48	31
(ii) 2 and 3 days	100	103

(B) Annual Expenditure on In-Patients; Average Cost of each In-Patient per Week; and Average Cost of each In-Patient.

	1929. (<i>Year under review.</i>)			Previous year.		
	Expenditure on In-Patients (Pounds only)	*		Average Total Cost of each In-Patient.	Average cost of each In-patient per week.	Average Total Cost of each In-Patient.
		£	s. d.			
1. Provisions	811	15	10.6	1 15 0.4	16 9.9	1 18 1.6

AUDITOR'S REPORT.

I certify that I have examined the above Balance Sheet and the annexed Income and Expenditure Account with the Books and Vouchers of the Hospital and I report that I have obtained all the information and explanations I have required. In my opinion such Balance Sheet is properly drawn up so as to exhibit a true and correct view of the state of the Hospital's affairs at 31st December, 1929, according to the best of my information and the explanations given to me and as shown by the Books.

PERCY H. GREEN, F.C.A.,
Chartered Accountant. } Hon. Auditor.
