The burden shall be on such pension recipient to demonstrate affirmatively to the satisfaction of the Judges of Election that such individual nonetheless meets the constitutional qualifications for office.

## ARTICLE VI

### **Nomination and Election of Officers**

Section 1. NOMINATIONS:

(a) A special meeting, to be known as the "Nomination Meet-

ing,” shall be held not less than ten days nor more than twenty days prior to a regular meeting of the Local Union to be held in the month of May of the election year, at which nominations shall be made for all of the offices or positions, including delegates to the District Council, to be filled;

(b) No less than 15 days nor more than 30 days prior to said Nomination Meeting, notice thereof shall be mailed to each good-standing member of the Local Union at such member’s last-known address, and such notice shall list the offices and positions to be filled and the date, time and place of such meeting;

(c) Three Judges of Election shall be appointed prior to the Nomination Meeting by the Executive Board of the Local Union. They shall not be candidates for office but they shall possess all the qualifications required of candidates for office except that they may be retired;

(d) The salary and compensation to be paid to elected officers or officials shall be fixed at the nominations meeting prior to the nominations or, upon prior written notice to the membership, at the regular membership meeting immediately preceding the nomination meeting; provided that adjustments to salary during the term of office may be effected in accordance with the provisions of Article IX herein;

(e) A member in good standing shall be eligible to be nominated for office in the Local Union. Such member shall meet all of the requirements of qualification hereinabove outlined;

(f) All members properly nominated shall be nominated by two (2) other members in good standing and shall be present at the time of nomination, unless absent from the meeting on business for the Local Union, for the District Council, or for the International Union, or excused for just cause by a vote of the membership of the Local Union and shall indicate immediately upon nomination whether it is accepted or declined. Once a nomination is accepted, and the nominee has been deemed to be qualified by the Judges of Election, the nominee has no right to withdraw such candidacy prior to the election due to unavailability or unwillingness of the nominee to serve in office, unless the candidate has been declared ineligible by protest or appeal, or approval to withdraw such candidacy has been granted by the General President.

(g) Nominations shall be made in the following order: President, Vice President, Recording Secretary, Secretary-Treasurer, Business Manager-Delegate-Convention Delegate, Sergeant-at-Arms, Auditors (3), Executive Board Members, Delegate(s) to the District Council.

This order is subject to combination of offices, when approved, in accordance with constitutional provisions. The announcement of nominations shall reflect that the Business Manager and, at the option of the Executive Board, the President or the Secretary-Treasurer but not both, will be serving as Convention delegates ex officio. No member may be a candidate for, nor hold more than one office, except where a combination of offices has been approved, in accordance with the provisions of this Constitution;

(h) All elected officers shall serve for a term of three years, provided, however, that the term shall be four years where the law permits. The newly elected officers shall be deemed to be installed and shall assume the powers, duties and responsibilities of office immediately upon the Judges of Election announcing the results of the election in accordance with Section 3(i) of this Article. The newly elected officers shall take the oath of office at the first regular meeting after the election.

## Section 2. WHEN THE NOMINATIONS HAVE BEEN COMPLETED:

(a) The Chairperson shall state that the Constitution requires all candidates to appear before the Judges of Election, who shall examine them in order to determine whether or not each candidate possesses all of the qualifications hereinabove provided;

(b) The Judges of Election shall then announce the time and place when such examinations will be made;

(c) Candidates are required to appear at such time and place and be examined unless absent on business for the Local Union, for the District Council or for the International Union, or excused for just cause by the Judges of Election. If absent for any of the foregoing reasons, the candidate and the Judges of Election shall promptly schedule an alternate time and place so that the candidate may be examined as to qualifications. Unexcused absence from a nomination

meeting shall serve to disqualify such member from any subsequent nomination in the same election;

(d) Any member in good-standing wishing to protest the qualification of any candidate or who may have information or data regarding the qualification of a candidate, may also appear before the Judges of Election at the time and place specified;

(e) After the Judges of Election have completed their examination, they shall pass upon and decide whether or not each candidate qualifies, as provided, and prepare their report, which is to be submitted to the regular meeting of the membership in the month of May following the Nomination Meeting.

In the event there is no contest for any office and the candidates are found properly qualified, the Judges of Election shall certify to the May meeting that there is no need for a secret ballot election, and the nominees shall be declared duly elected;

(f) If the Judges of Election have disqualified any candidate, the Chairperson of the meeting shall then call further nominations if, but only if, the disqualification results in there being no candidate for that office or position, or, in the case of Executive Board Members, auditors or delegates to the District Council (if applicable), in there being fewer candidates than there are positions to be elected. If any such nominations are made, the Judges of Election shall immediately examine the new nominees and report on same at said meeting.

(g) The Judges of Election shall prepare the official ballot. In the preparation of the official ballot, the Judges of Election shall consult with and obtain from the Recording Secretary the list of candidates for each office or elective position; the official ballot shall then be prepared pursuant to said data, with the names of the candidates listed in the order in which they were nominated.

(h) The Judges of Election shall then contact and consult with the Secretary-Treasurer, in order to determine the number of official ballots to be printed, if ballots are to be used, or the number of voting machines, if the election is to be conducted by voting machines. Upon being so informed, the Judges of Election shall then order the preparation of the required number of official ballots, or to make the

necessary arrangements for the number of voting machines, both of which shall be in such form as to protect and insure the secrecy of the vote of the member;

(i) The official ballots, once printed, shall remain in the custody of the Judges of Election until the day of election;

(j) At the April or May meeting, the membership shall determine and fix the date on which the election shall be held and the place and the hours during which the polls shall remain open.

When this date has been determined, the Secretary-Treasurer shall mail a written notice to the last-known address of each member in good standing, to inform each member of the date, place and time of election and the list of the offices or elective positions to be filled; such notice to be mailed not less than fifteen days prior to the date of the election.

### Section 3. ELECTION:

(a) The voting area shall be located in a hall or room where all of the functions of the election process will be open and visible at all times to the Watchers and the election officials charged with the proper conduct of the election;

(b) Each candidate may, at such candidate's own expense, designate in writing a Watcher who must be a member of the Local Union and who must, no later than the day of election, deposit such written appointment with the Judges of Election;

(c) Those permitted to be in the voting area are the three Judges of Election, the Secretary-Treasurer (who may have an office secretary present if deemed necessary), any duly designated Watchers and such other persons whose presence the Local Union may deem necessary in the process and conduct of the election; provided that a motion to this effect is made and adopted at the May meeting preceding the election; and all the members in good-standing during the period necessary and required for the casting of their votes;

(d) As each member in good-standing appears for the purpose of voting, such member shall report to the Secretary-Treasurer and present identification.

The Secretary-Treasurer, together with a Judge of Election, shall then determine whether such person is current in the payment of dues and otherwise qualified and entitled to vote. Current in payment of dues for purposes of election shall mean that the member is not more than two (2) months in arrears in the payment of dues.

As members are qualified, they shall be required to sign their names and card numbers on a Membership Voting Register, which Register, when the voting has been concluded, shall then be signed, at the end thereof, by the Secretary-Treasurer and the three Judges of Election;

(e) After members have been qualified, they shall each be given an official ballot and permitted:

(1) if a paper ballot is used, to mark the ballot, indicating their choice of candidate for each office and elective position, in a secret manner where such choice cannot be identified with the voter; and thereafter to deposit their ballots in the ballot box, in the presence of a Judge of Election and the Watchers, which box shall be locked during the voting process;

(2) if the vote is by voting machine, to register their votes in a secret manner and in a manner where such choices cannot be identified with the voter;

(f) A member who has completed voting shall leave the voting area;

(g) If a voter requests assistance, such assistance shall be given by a Judge of Election;

(h) No "write-in" vote shall be permitted on the day of election;

(i) When the closing time as prescribed has arrived and all voters present have voted, the Secretary-Treasurer, having fulfilled the duties of said office during the election, shall leave the voting area. The Judges of Election shall take possession of the ballot box, in the case where paper ballots are used, or open the voting machine, if machines are used, and proceed to count and tally the vote for each office or elective position, in the presence of the Watchers. When the count and tally for each office has been completed and the total vote for each candidate has been established, the Judges of Election shall announce

the result, after which they shall mark the result of the total vote for each candidate on two blank official ballots or on two official lists of candidates and certify, by their signatures, that such results are the official results of the election, one of which shall be kept by the Judges of Election, for the purpose of preparing their report to the following meeting of the Local Union and the other to be turned over to the Secretary-Treasurer for the purpose of posting same as the result of the election, for the information of all of the members of the Local Union;

(j) In the event of a tie in the votes cast for the candidates for any office, the decision will be made by lot from among those candidates having the tie vote;

(k) All of the ballots cast and all of the remainder of the unused ballots, the tally sheet and the Membership Voting Register, shall be gathered and wrapped in a package which shall be sealed and signed by the three Judges of Election. The Judges of Election shall retain custody of this package until the meeting when they make their report, at which time they shall surrender said records to the newly elected Secretary-Treasurer.

(l) At the meeting following the election, which will be presided over and run by the newly elected officers, the Judges of Election shall submit a written report of their activities and functions dealing with their duties after nominations, and the conduct of the election, and attach thereto the official list of candidates containing the results of the election which was signed by them after the tally was completed;

(m) Filling of Vacancies: In the filling of a vacancy in an office or elective position, including vacancies arising when a person who is unwilling or unavailable to serve is elected to office, the Executive Board shall fill the vacancy by appointment in a provisional capacity of a member having all the requirements for office;

(n) When a member has been elected to office or to an elective position, the member shall, as such officer or official, fully perform all such duties, responsibilities and obligations that attach to such office or position as required by the International Union, Local Union or District Council Constitutions.

(o) Non-compliance by anyone holding an elective office or position shall be subject to all applicable disciplinary provisions con-

tained in the International Union, Local Union, or District Council Constitutions; anyone holding a non-elective position who does not comply with the above requirements shall be subject to discharge.

#### Section 4. DELEGATES:

(a) All delegates of Local Unions to Conventions of the International Union shall be nominated and elected at the time prescribed in the International Union Constitution. The manner of nominating and electing such delegates to regular Conventions of the International Union, shall be as provided for in Article V, Sections 4 and 9 of the International Union Constitution;

(b) The Business Manager of a Local Union elected in conformity with the provisions of Article VI of the Uniform Local Union Constitution shall, by virtue of such election, serve as a delegate from the Local Union to the appropriate District Council and all other local labor bodies with which the Local Union is affiliated. All other delegates of a Local Union to a District Council shall be nominated and elected in accordance with all the constitutional provisions dealing with qualifications, nominations and election of officers of Local Unions, except that the Executive Board may, in advance of the nomination of officers, determine that either its President or Secretary-Treasurer (but not both) shall, by virtue of the elected office, also serve as a delegate;

(c) Delegates to all other bodies, conventions, meetings or conferences may be either elected by the membership or appointed by the Executive Board of the Local Union, in accordance with the vote of the membership at a meeting or as required by the constitution, rules or regulations of such other body.

Compensation, allowances and reimbursement for expenses may be provided by the Executive Board to such delegates for the performance of their duties and responsibilities.

## ARTICLE VII

Section 2. Special meetings shall be called by the President of the Local Union when requested to do so by the Executive Board. A notice of such special meeting shall be mailed to all good-standing members of the Local Union, which notice shall specify the purpose for the call of said meeting.

Section 7. Unless otherwise provided either by this Constitution or by rules and regulations established pursuant thereto, generally accepted parliamentary procedure shall prevail at all meetings of the Local Union.

## ARTICLE VIII

### **Initiation Fees, Readmission Fees, Dues and Assessments**

Section 1. The initiation fees and dues to be paid by members and apprentice members to Local Unions affiliated with a District Council, shall be established and regulated by the District Council, in accordance with the provisions of Article II, Section 2(e) and Article VIII, Section 2 of the Uniform District Council Constitution.

Section 2. Where initiation fees and dues are not established by a District Council, the Local Union shall, by secret ballot vote of the membership, establish the initiation fee and dues to be paid by its

members and apprentice members, in accordance with applicable law.

Section 3. Effective January 1, 2012, the initiation fee shall be not less than sixty-five dollars (\$65.00) nor more than eight hundred dollars (\$800.00). The dues shall be not less than thirty-seven dollars (\$37.00) as of January 1, 2017, thirty-eight dollars (\$38.00) as of January 1, 2018, and thirty-nine dollars (\$39.00) as of January 1, 2019. All dues whether below, at, or above the minimum shall be increased by no less than two dollars (\$2.00) per month no later than January 1, 2017, by an additional one dollar (\$1.00) no later than January 1, 2018, and an additional one dollar (\$1.00) no later than January 1, 2019. Affiliates shall have the authority upon the recommendation of the Executive Board and approval by the membership to set a lesser schedule of minimum dues and initiation fees for apprentice members. If a reduced initiation fee is charged to an apprentice member, the balance of the fee may be assessed at the time the apprentice acquires full membership.

Section 4. The monthly dues are due on the first day of the month and unless paid on or before the last day of the following month, the member shall be deemed suspended by the International Union without notice. A member shall not be subject to suspension for an employer's failure to remit that member's dues to the Union where the member has executed a valid voluntary dues checkoff authorization card and where the employer has deducted those dues from the member's wages.

Section 5. A member who has reached the age of sixty-two years and who desires to retire and cease working at the calling, or who is receiving a pension from the Laborers' pension fund shall be entitled to pay minimum dues of eight dollars (\$8.00) per month and thereby continue to maintain good-standing.

Section 6. The readmission fee for persons who are suspended for nonpayment of dues, assessments or fines to the Local Union and who remain suspended for a period of less than one year, shall be the amount of such assessments or fines, plus the current dues, plus the greater of either (1) the amount of the dues during each month of the member's suspension plus \$25.00, or (2) eight percent

(8%) of the initiation fee for each month during which the member was suspended. In no case shall the readmission fee be greater than the initiation fee.

Once the member has been suspended for defaulting in the payment of dues, as herein provided, the date of suspension referred to in this Section shall be the first day after the month for which the member's dues were last paid.

Section 7. Persons in arrears have no right to attend meetings, nor any other rights, except the right to be readmitted in accordance with the above Section.

If a member becomes suspended by reason of that member's own conduct, such member can only be readmitted within twelve months of such suspension and only through the Local Union in which membership was held when suspended. Readmitted members shall be considered new members from the date of their readmission.

#### Section 8. ASSESSMENTS:

When an assessment is proposed by the Executive Board or by action at a meeting of the Local Union, where such Local Union is not affiliated with a District Council, a notice shall be mailed to the members in good-standing, at least seven days prior to the next regular meeting of the Local Union, advising them that the proposed assessment will be considered and voted upon at the meeting of the Local Union, by secret ballot. When an assessment has been voted, it shall not be levied until it is first submitted to and approved by the General President.

## ARTICLE IX

### **Income and Disbursements**

Section 1. The sources of income to a Local Union shall be from dues, initiation fees, readmission fees, assessments and income from other proper and lawful sources.

Section 2. The income shall be in amounts that are necessary to accomplish and take care of the obligations and requirements of the Local Union and the purposes for which the Local Union was

established. The income shall be promptly deposited in such banks or depositories as are determined by the Executive Board of the Local Union.

Section 3. (a) The Executive Board shall have the authority to make commitments and disbursements in its discretion from the funds, assets and property of the Local Union for the regular, recurrent and incidental expenses of the Local Union. Travel expenses may also be provided for an Executive Board member's spouse who accompanies the Executive Board member when the member travels in connection with the performance of the member's duties and responsibilities;

(b) In accordance with the provisions of Article IV, Section 4 herein, the Secretary-Treasurer shall make disbursements from the funds of the Local Union for the regular, recurrent and incidental expenses of the Local Union, such as mortgage, leases, rent, taxes, salaries and other compensation, travel, allowances, reimbursements for expenses, utilities, telephone, maintenance, cleaning, repairs, supplies, office equipment, obligations to the International Union, obligations to the District Council if so affiliated, and obligations to the L.I.U.N.A. STAFF AND AFFILIATES PENSION FUND, and to make such other payments as directed by the Executive Board.

Section 4. (a) The financial obligations of a Local Union shall be fixed and regulated within the income of the Local Union;

(b) A Local Union shall make no disbursements that will preclude it or interfere with its ability to first meet its financial obligations to the International Union and the L.I.U.N.A. STAFF AND AFFILIATES PENSION FUND;

(c) A Local Union shall not enter into contractual undertakings for the acquisition of property or the retention of services if, at the time of such proposed undertaking, its current income is insufficient to meet the expenses of such undertaking;

(d) The Local Union shall not make disbursement of salary or other compensation to Local Union officers if the Local Union is delinquent in the payment of its per capita tax to the International Union or in the payment of pension fund contributions to the L.I.U.N.A. STAFF AND AFFILIATES PENSION FUND unless the Local Union has made arrangements acceptable to the General Secretary-Treasurer and to the Fund for the repayment in a timely fashion of any such delinquency.

Section 5. When the income to the Local Union reduces to a point where such income cannot properly take care of the financial obligations of the Local Union, including salaries and compensation to officers, officials and personnel, the Local Union may vote to take such action as is necessary, commensurate with the reduced income, including reduction in salaries or compensation of officers, officials and personnel; when the contemplated action is to reduce salaries or compensation of officers and elected officials, such reduction shall be voted upon by the membership at a meeting of the Local Union only after written notice is given to all of the members in good standing, of the proposal and the meeting at which such proposal shall be voted upon, or the membership approves such reduction at two consecutive meetings.

Section 6. When an increase in salary or compensation is proposed to be effective during the term of office then current, the increase shall be voted upon by the membership at a meeting of the Local Union only after written notice is given to all of the members in good standing of the proposal and the meeting at which such proposal shall be voted upon, or the membership approves such increase at two consecutive meetings; provided, that the Executive Board may increase salaries or compensation to reflect the increase in the cost-of-living, said increase not to exceed the percentage of increase in the National Consumer Price Index published by the Bureau of Labor Statistics, United States Department of Labor; in Canada, the Consumer Price Index published by Statistics Canada;

provided further, that no such cost-of-living increase can be effected within one year of any other increase in salary or compensation.

## ARTICLE X

### **Transfers**

A member in good standing of a Local Union shall have the right to transfer membership from that Local Union into another affiliated Local Union, in accordance with Article XXI, Sections 1 through 10 of the International Union Constitution.

## ARTICLE XI

### **Charges, Trials and Appeals**

Section 1. An officer or member in good-standing may prefer charges against any other officer or member of the Local Union, by filing written charges in duplicate with the Recording Secretary of the Local Union. These charges must be signed by the person preferring the charges and indicate the provisions of the Constitution to be relied upon, or the agreement or rule alleged to have been violated, and must set forth the specific violation or wrong charged and the date on which it allegedly occurred. Except for good cause, charges must be filed within thirty (30) calendar days of the time that the charging party knew or reasonably should have known of the relevant facts and circumstances giving rise to the charge(s); otherwise, charges filed beyond the thirty (30) calendar day period shall be time barred.

Section 2. The Recording Secretary shall promptly notify the members of the Executive Board that charges have been filed, and after a consultation with them, shall promptly set a date for a hearing and trial on said charges. Immediately thereafter, a copy of the charges shall be mailed to the last-known address of the accused. A written notice of the time and place where the hearing and trial will

take place before the Trial Board shall be mailed to the accused and to the charging party not less than seven days nor more than twenty-one days from the date of said hearing and trial.

Section 3. The members of the Executive Board of the Local Union shall constitute the Trial Board; except that neither the charging party nor the accused nor any member directly interested or involved in the charges may sit as a member of the Trial Board.

In such cases, the President of the Local Union shall appoint a substitute or substitutes from the members in good-standing. If the President is to be disqualified, then the Vice-President shall appoint a substitute or substitutes; and if the Vice President is also to be disqualified, then the substitute shall be appointed by the remaining Trial Board members.

Where one or more members of the Executive Board of a Local Union appear to be disqualified, the matter may be referred to the General President who shall be entitled to investigate to determine whether such disqualification exists. Upon a finding of disqualification, the General President shall have discretion to assume original jurisdiction over such charges, in which case the matter shall be referred to the Independent Hearing Officer to hear such charges for decision and disposition; or, in the General President's discretion, the charges may be referred to the appropriate District Council for trial.

Where the charging party or the accused makes a request for a delay, the Trial Board may grant a postponement, for good cause shown.

Section 4. The hearing and trial shall be conducted in an orderly, fair and impartial manner and should assure the full presentation of all the facts to the Trial Board.

The burden of proof shall be on the charging party. If the charging party fails to appear, the charges shall be dismissed. If the accused fails to appear, the Trial Board shall proceed with the hearing and receive all the facts and evidence available.

The charging party shall first present evidence to substantiate the charges. The accused shall have the right to be present throughout the trial and to cross-examine the charging party and any of the

charging party's witnesses upon completion of their testimony.

After the evidence in support of the charges has been received, the accused shall present the defense. The charging party shall have the right to cross-examine the accused and any of the accused's witnesses upon completion of their testimony.

Section 5. The Trial Board shall record minutes of its meetings and proceedings and these minutes, together with any documents submitted, shall constitute the official record of the Trial Board.

Upon conclusion of the hearings, the Trial Board shall consider all of the evidence and argument submitted and proceed to make its findings and decision. It shall prepare a Report of said findings and decision, which shall be signed by all the members of the Trial Board. The Recording Secretary shall forthwith mail a copy of said Report to the charging party and the accused at their last-known addresses.

Section 6. A copy of the Trial Board Report shall be submitted to the next regular meeting of the Local Union. The findings and decision of the Trial Board shall be binding unless and until two-thirds of the members present and voting at said meeting, reverse or modify the findings and decision of the Trial Board. The Recording Secretary shall forthwith mail a copy of said action to the charging party and the accused at their last-known addresses.

Section 7. If either the charging party or the accused is aggrieved, such party may, within thirty days from the date of notice of said action, appeal therefrom to the General Executive Board of the International Union by filing such appeal with the General Secretary-Treasurer in writing at Headquarters. The appeal shall clearly and specifically set forth the grounds in support of said appeal and shall contain a copy of the findings and decision, and action.

After notice of such appeal from the General Secretary-Treasurer, the Local Union shall then submit promptly to the General Secretary-Treasurer, the following:

1. Copy of the charges
2. Copy of the notice of hearing

3. Record of the Trial Board hearing
4. Copy of Report of the Trial Board
5. Copy of the notification of the Trial Board's decision
6. Copy of minutes of regular meeting at which the Trial Board reported to the Local Union
7. Copy of notification of Local Union action

If an appeal is seasonably taken, it shall have the effect of staying the decision and sentence of the Trial Board and no fine, suspension or expulsion shall be effective pending the outcome of the appeal, provided, however, that where any officer has been found guilty and suspended from office because of negligence, incompetence or dishonesty in the performance of such officer's duty, such officer shall remain suspended from holding such office pending the decision of the General Executive Board on the appeal.

Section 8. The matter of conduct of nomination or election of Local Union officers, officials and delegates is not within the jurisdiction of the Local Union Trial Board.

Any member aggrieved with the nomination process must appeal directly to the General Executive Board within three business days of the time candidate qualifications are determined by the Judges of Election. Any member aggrieved with the conduct of the election must protest directly to the General Executive Board within ten days after the election. All such protests must clearly and specifically set forth the grounds upon which the appellant shall rely.

Section 9. In jurisdictions where a District Council exists, all charges for violations of matters falling within the jurisdiction of the District Council, such as violations of agreements, working rules, etc., shall be filed with the Secretary-Treasurer of the District Council, which shall have jurisdiction to hear the charges in accordance with the provisions and procedures set forth in Uniform District Council Constitution Article XII without regard to whether the charging or charged party is an officer or delegate to the District Council.

**ARTICLE XII****Oath of Office**
