

Ingatestone & District Darts League: One-Off & Out of Season Competitions / Awards

By Kevin Stammers
(Updated by Jordan McManus from 2018)

Champion of Champions

The Champion of Champions was introduced in 2005 in the summer league for the winners of league and KO competitions.

In 2007 the winter league started their own competition for male & female winners of all league and KO competitions...

From 2009/10 season the Champion of Champion became all leagues & KO competition winners from both winter and summer seasons.

This competition returned in 2018 with the players that win the player competitions and player tables invited to compete. A female-only Champion of Champions will only take place if four or more female players are available.

The 2019 Female Champion of Champions was played as a Round Robin, with the top two players competing in the final.
