Features

• A comprehensive range of accessories makes it easier to apply the right grinding technology - also for newcomers
• Low speed and cooling water bath supports continuous grinding without compromising the tool hardness due to heat build-up during grinding
• Many holding devices for various tools available
• Powerful induction motor for smooth, low-vibration work
• Special white corundum grinding stone with aluminium oxide for perfect grinding results even with hard steel of more than 60 HRC (tool steel)
• Removable leather honing wheel for removing grinding burrs after sharpening
• Angle gauge for adjusting the correct grinding angle
• Splash water protected motor and switch
• Fracture-proof water tank

Included as standard:
- Honing paste
- Angle gauge
- Universal grinding device
- White corundum grinding stone 220 grain
- Leather honing disc
