Tony and Janet Carlisle
Richmond, Poplar Farm, Acaster Malbis

"Our Richmond fulfills all our needs as Janet is severely disabled. We use a profiling bed and a portable hoist and find the doors and space make it as easy as when we are at home. We have been on our site for over 20 years but unfortunately Janet had a stroke three years ago, which meant that we could not use our old holiday home. The Richmond has changed our lives by giving us normality back - it's brilliant."

Richmond key highlights

- 1** The Richmond's wide access, low threshold exterior door makes coming and going that little bit easier.
- 2** The full wet room has a fold-out seat and support handles for showering with or without assistance.
- 3** The galley kitchen has wide access and is well appointed with a low level cooker and sink to make food preparation easy. A full height kitchen option is also available.
- 4** The main bedroom features a portable helper frame to keep bedtimes as relaxing as possible - and also offers the option of replacing the twin beds with a double bed if required.
