# MERRY CHRISTMAS

## HOLIDAY TIPS

Keep your travel plans off-line. Don't announce that you will be out of town on Facebook or other social media.

Wait to post pictures of the trip until after you return.

While presents look great under the tree, it is an open invitation to a burglar. Keep presents out of sight and away from windows.

If you are going out of town, ask a trusted neighbor or friend to keep an eye on your house and pick up your newspapers and mail while you are gone.

Invest in outside motion sensor lights or smart light-bulbs you can turn off and on remotely.

## CELLULAR UPGRADES

### GET ON THE SCHEDULE TODAY

Our cellular upgrade program is going well. Each month our list of upgrades needed gets shorter and shorter.

We are attempting to contact those remaining customers by telephone, so you may be receiving a call from James. At this time, we are offering the cell upgrade for our cost of parts only, no markup and no labor, with an updated agreement. We are also checking the entire system while we are there, so take advantage of this special offer while it lasts.

If your cellular communicator was installed before mid 2018, it is likely you need to have an upgrade. Don't wait until your communicator stops working, call us today to get on the schedule (530) 243-2521.

## PROTECT YOUR PASSWORDS

No longer is online shopping considered a convenience. For most people it is a way of life. As online shopping becomes more and more mainstream, the risks and security concerns grow as well. Make sure you take additional steps to protect the passwords you create. Don't make yourself a target.

- Use a mix of letters, caps, numbers, and special characters.
- The more random, the stronger and safer the password.
- Don't share your password.
- Don't use the same password for more than one site.

**FROM ALL OF US HERE AT CALIFORNIA SAFETY COMPANY, TO ALL OF OUR CUSTOMERS, HAVE A VERY MERRY CHRISTMAS AND A HAPPY NEW YEAR.**
