Pine Bluff Cable TV Product & Pricing Guide

Multiple Cycle Billing

All service charges are billed based upon the initial installation date. Payment is due by the due date and is subject to a past due charge after this date. If there are questions regarding your bill, please contact our offices immediately for corrective action to ensure your bill does not become past due.

Billing Fees

An account not paid in full by the next billing cycle may be charged an administrative fee which will be added to the billed account to offset collection expenses. Billing Services Fees are applicable for accounts not enrolled in Auto Bill Pay and/or Paperless Billing. A monthly fee will be applicable for multiple billing statements.

Service and Rate Changes

The Cable Company reserves the right to change equipment, prices and/or fees. We also reserve the right to rearrange, delete, add to or change the services provided. In accordance with federal and local regulations, we will notify you in advance of changes in rates and/or services and inform you of the effective date of those changes.

Request for Credit

A credit adjustment will be issued no later than your next billing cycle following the determination that a credit is warranted. Any request for credit should be accompanied by a written explanation of the reason for the credit and mailed to Cable TV Feedback, P.O. Box 384, Bryant, AR 72089. A request for credit by phone will not preserve your rights. A pro-rated credit for interruptions caused by a failure of the cable system lasting more than (4) hours will be granted provided timely notice of the interruption was provided and the credit was requested. A review of the detailed monthly charges immediately upon receipt of bill statement is recommended. Any credit request for services not received past 60 days of service billed will not be granted.

Please visit www.yourcableinfo.com for important information concerning your cable system, including complete descriptions of all the products and services available in your area. Other information includes channel lineup, Acceptable Use Policy, Excessive Use Policy, installation and service maintenance policies, instructions for company-provided equipment and contact information for Franchise Authority.
