Good news travels fast, so it won’t be long until everyone is talking about our Road Trip theme for this month! Join us in the fast lane as we celebrate the joy of summer vacations. Just like any well-planned cross country road trip, we’ve prepared lots of exciting things for you to do as we journey together throughout the month of August. All of our games, activities, socials, and crafts have been carefully selected to put you in the driver’s seat on the road to fun and adventure. Come discover how everyday things, such as license plates, fast food restaurants, and road signs, play a part in fun and exciting games that celebrate various modes of transportation and vacation destinations! Travel Stories and Refreshments

Do you love visiting the beach, or is a cabin in the mountains your favorite destination? Do you prefer to travel in the summer or do you like to hit the road in the fall, when leaves are turning to shades of reds and yellows? On the last day of the month, you’re invited to gather together with your neighbors as we share about some of the favorite places we have visited throughout our lives. If you have photos or souvenirs, please bring them; or simply tell us about your adventures and what made them your favorite. Let’s see how many places we can mark on the map as we turn the calendar page at the end of August.
