ABOUT THE MAYES TEAM

We are a family of 7...Gabriel, Debbie, Gracen, Darby, Deacon, Jovey and Gideon in heaven. We sold most of our stuff and moved out of our 5000 sq. ft house and into a 250 sq. ft skoolie. We are passionate about chasing our dreams and encouraging others to chase theirs! We love documenting our adventures and all that comes with transitioning to a tiny space!

Our family offers a variety of services for organically marketing your brands in storytelling of all kinds...product reviews, sponsored posts, giveaways, brand ambassador and travel reviews.

OUR STATISTICS

Since June we have committed ourselves to building our social media brand and as you can see by the results below, the growth has been exponential! The brand we are building is on trend with the Tiny House and Minimalism movement and we are positioned well for continued growth.

Our followers know us for our modern minimalist black, white and grey style. Our feed is very much lifestyle and they enjoy following our family adventures and learning about how we survive living in such a tiny space with 4 young children.

We have built a tight-knit group of followers who are truly connected to our story. The community of readers and followers that we have built trust us to share high quality content that will enrich their life. Because of this we are very particular about the sponsorships we take and our followers know that.

OUR FEES

dedicated blog post: starting at \$500: Includes 5+ original styled photographs, 300+ word post with 2+ links to brand page or product. Includes shares on facebook and pinterest.
