

WASHINGTON, DC - 202-548-2680 JACKSONVILLE, FL - 904-261-2444

HOW THE POLL WAS CONDUCTED

This poll was conducted by Mason-Dixon Polling & Strategy, Inc. of Jacksonville, Florida from September 24 through September 26, 2018. A total of 625 registered Maryland voters were interviewed statewide by telephone. All said they were likely to vote in the November general election.

Those interviewed were randomly selected from a phone-matched Maryland voter registration list that included both land-line and cell phone numbers. Quotas were assigned to reflect voter turnout by county.

The margin for error, according to standards customarily used by statisticians, is no more than ± 4 percentage points. This means that there is a 95 percent probability that the "true" figure would fall within that range if all voters were surveyed. The margin for error is higher for any subgroup, such as a gender or age grouping.

QUESTION: Do you support or oppose changing Maryland law to allow grocery stores to sell beer and wine?

	SUPPORT	<u>OPPOSE</u>	UNDECIDED
