Benefits

## Why PowerShades

---

### SAVE ENERGY

Reduce energy loss by up to 30%

### SAFETY

Cordless and motorized systems  
keep children and pets safe.

### SECURITY

Increased privacy when you are home  
and the illusion of occupancy  
when you aren't.

### EFFORTLESS COMFORT

Filter light, regulate temperature,  
and transform the mood, all without  
lifting a finger.

## Day and Night

Sometime you don't want to have to choose and that's why we offer our Day and Night configuration. Have a light-blocking style and a light-filtering style in the same window - or any two styles you want. Extend the level of comfort and privacy for any occasion.

- Perfect for bedrooms and media rooms
- Set schedule for daytime and nighttime
- Choose any two fabrics you like

# TRUEPoE

The first and only PoE window  
shade solution

- No additional hardware
- No injectors
- Only 5 watts required

Our Patented TruePoE roller shades are a powerful window treatment solution that's ideal for new construction projects. These roller shades require less than 5 watts and require no additional electronic hardware. TruePoE is an energy-conscious yet powerful solution for the modern dwelling space.

# Control Configurations

Single & Multi-Channel Remote

Single & Multi-Channel Wall Switch

Mobile App

PowerShades Dashboard

## Third-Party Integration

## Voice Control

"Alexa, open living room shades."

Control your shades with a simple command using our Amazon Alexa skill or Google Home skill.

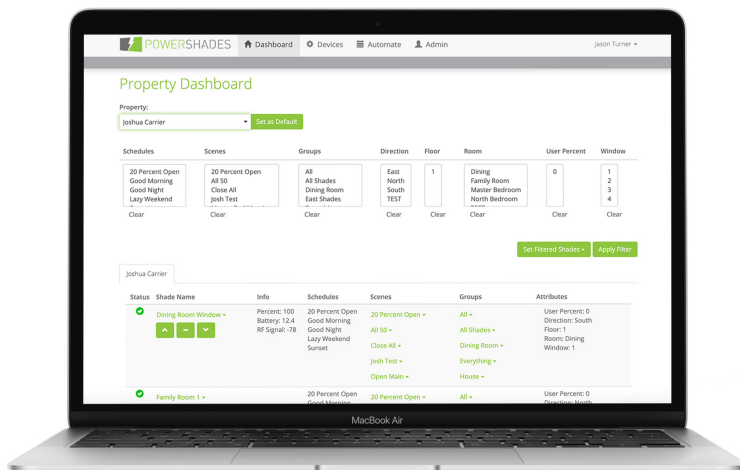

Google Home

# Dashboard

Our cloud-based Dashboard puts the full power of our shades in your hands. You can set scenes, create groups, configure schedules and even control your shades. It can be used in conjunction with a 3rd party control system or as a stand alone system.

- Set schedules
- Configure scenes
- Control shades from anywhere
- Create groups

## Opacity Options

Available in hundreds of styles and colors and available in Solar, Light Filtering, or Light Blocking fabrics and screens.

### Solar

Preserve exterior views while protecting furnishings from U/V rays.

Ideal for rooms where you don't need complete privacy.

### Light-Filtering

Tighter weaves transform harsh daylight into a soft, filtered glow.

Provides increased privacy for spaces like bathrooms.

### Light-Blocking

Completely light blocking. Pair with our Lightning Track side rails for a window with no light leaks.

Ideal for bedrooms and media rooms.

## Hembar Options

It's the little things that make a big difference when it comes to quality shades. One of those things is choosing your hembar style.

External Metal Hembar

Internal Hembar

### Lightning Track

side track system

Pair our shades with our Lightning Track system to create a completely sealed light-blocking window treatment. Perfect for bedrooms and media rooms where complete darkness is desired.
