SAMPLE OF ITEM "B" WHEN COMPLETED

This page is to assist you in filling in the Scanner Alignment Form for ordering one or more digitized font
SIMM/DIMM/PCMCIA Card.

SIGNATURE IMAGE BOXES

- Each signature, logo or graphic is referred to as an image. It is not necessary to fill in all image blocks.

GRAPHICS IMAGE BOXES

- **DO NOT** allow the signature to exceed the block, if you do, the signature will be too big for check printing. If you have a graphic that will be used on the signature area of your check (eg. void stamp) you should place that graphic in the Signature Image Block to make the image compatible with other signatures. Remember to supply only original black and white camera-ready artwork.

This is a sample form showing an order from the ABC Company which is purchasing two font
