

Rollo + Schoner

Markise folding arm awnings offer outstanding German engineering, design, quality and style.

Available as a Rollo Awning (open design) or Schoner Awning (Semi Cassette). Markise Folding Arm Awnings have been aesthetically designed to complement any outdoor alfresco or entertainment area while still providing you and your family with protection from the harsh environmental elements.

Rollo and Schoner are designed for the fabric skin to slide in without having to dismantle the awning.

Both models come fitted with standard crank operation with the option for each unit to be adapted for motorisation. Markise Folding Arm Awnings are available in a variety of widths and projections to suite any outdoor application.

Available in a contemporary range of colours

White

Ivory

Urban Grey
