The Linn County Fair is a county-wide showcase of agriculture, crafts, industry and business. It provides county residents the opportunity for the exhibition of livestock, farm and horticulture products, and articles of arts, crafts and beauty.

What is an exhibitor’s Premium Book?

Everything you need to know about entering goods and livestock in the Linn County Fair! This year’s fair is set for July 17—20, at the Linn County Fair and Expo Center in Albany.

The exhibitor premium book includes all of the rules and regulations pertaining to the fair and details of each of the exhibit categories.

There are two Divisions to enter at the Linn County Fair: Static Goods and Livestock. Each is divided into a number of Departments, such as beef cattle, sheep, clothing, baked goods, and so on. Under each Department is listed the person in charge of the exhibit, the time of judging, the premiums and the rules and regulations of that event. See specific departments for details on entry intake dates, judging times, and release times.

WITH QUESTIONS REGARDING ALL SPECIAL CONTESTS

SPECIAL CONTESTS
Open Livestock Rules

1. Management reserves the final and absolute right to interpret these rules and regulations and arbitrarily settle and determine all matters, questions or differences in regard thereto or otherwise arising out of or in connection with, or incident to, the Fair, except as otherwise specified herein.

2. Each exhibitor will be responsible for any loss, injury or damage done to, or occasioned by or arising from, any animal or article exhibited or owned by the exhibitor, and shall hold harmless Linn County, its officers, agents and employees from any and all liability, claims for damages or loss, either to person or property, arising from any connection with the exhibit. Each exhibitor shall waive any right to subrogation against Linn County.

3. All livestock shall be the property of the exhibitor and shall so appear on the records of their respective breed associations. A certificate of registration must accompany the animal. These registration certificates will be checked by the superintendent and must be available for checking at any time during the Fair. On livestock that has been transferred, the transfer must have been completed by the association and be in the name of the person that exhibits the animal at the time of the show. Transfer of papers must be completed 30 days prior to entry dead lines. Where the certificate indicates more than one owner, the animal must be shown in the name of all Owners or partnership by name.

4. An inspection of livestock will be made upon arrival. Any animals having a history of being exposed to any contagious or infectious disease less than 30 days prior to entry may be refused. No animals admitted with ringworm, fungus, or warts.

5. Each exhibitor shall furnish necessary feed for his/her animals and arrange for the care of them during the fair.

6. The IAFE National Code of Show Ring Ethics shall apply.

7. Manure must be cleaned out of stalls and pens and placed in designated areas only.

Decorations and Signs

1. Exhibitors are encouraged to decorate their exhibit area using the current year Fair Theme.

2. Livestock exhibitors are permitted to display a sign over each exhibit advertising their own herd.

3. Commercial signs, such as feeds, minerals, stock, medicines, etc. will not be permitted anywhere in the livestock exhibit area.

Judging and Awards

1. In general the single judge system is the policy of this show and in every case the judge will be selected with the utmost care. Upon the request of the exhibitor, the judges will be required to give their reasons for the decision rendered.

2. No person other than those holding the animals being exhibited will be allowed in the show ring during the time of judging except the Superintendent of the division, the judge and the clerks.

3. The decisions of the judges shall be final in all Divisions and Classes.

4. Classes in which one exhibitor is represented, the judge will indicate an appropriate award eligible in that Class according to the quality of the animal.

Camping Policies

1. Tents are $20.00 for duration of fair; all others (RV, trailers, etc.) are $40.00 for duration of fair.

2. All 4-H and FFA campers must fill out the camping form included in this book and submit it with camping fees in order to reserve a camping space. (See camping form in 4-H/FFA section of book).

3. All open exhibitors must include camping fees with their registrations if they plan to camp.

Any questions, call the fair office at 541-926-4314 or 800-858-2005.

Open DIVISION Livestock Passes

1. Open Division large animal exhibitors will receive one (1) season pass (armband) for one to three animals for water and feeding. (Armband MUST be on the exhibitor’s wrist snuggly during the run of fair or they will not be allowed into the fairgrounds).

2. Open Division large animal exhibitors with four or more animals will be issued two (2) season passes, only if it is necessary.

3. Each large animal exhibitor will receive one (1) parking pass.

4. Open Division animal exhibitors need to check with their Superintendent for wristbands.

5. 4-H/FFA exhibitors who also exhibit open Division will not receive additional passes for open Division entries.

REMINDER

- There is no daily parking inside the back gate or loading/unloading zone.

- There is a 20-minute time limit to load or unload animals, equipment and/or feed. Then the vehicle must move to the parking lot across the street from the Fairgrounds.

- ABSOLUTELY NO VEHICLE PARKING IN THE RV AREAS.
Biosecurity Checklist/Best Practices

Before and During the Fair:

- Make sure all veterinary health inspectors and certificates of veterinary inspection are current for all the animals you will take to the fair.
- Follow the fair vaccination guidelines and give recommended vaccinations at least 10 days before the event.
- All incoming 4-H animals, poultry, rabbits, breeding stock, horses, and open Division animals must have a veterinarian visual health observation prior to weigh in or participating in any fair events.
- Disinfect all equipment, such as buckets, shovels, wheelbarrows, manure baskets, lead ropes, blanket, snares, clippers, scissors, brushes, show box, and so forth before entering the fairgrounds.
- Don’t share equipment with other exhibitors unless it has been cleaned and disinfected before and after use.
- Avoid entering the pens/stalls and coming in contact with animals from other farms. Contact the fair veterinarian or superintendent when animals are in need of attention.
- As much as possible, minimize feed and water changes from home to fair.
- Clean and disinfect all items at the end of the fair before taking them home.
- Properly dispose of unused bedding, hay and feed after the fair. Do not take it home.
- Minimize stress by keeping animals cool, well bedded, and comfortable.
- Carefully consider whether exhibition animals should return home after the fair, and what risk that presents to other animals at home.
- If an animal becomes ill at the exhibit, consult a veterinarian.
  - Give notice to the exhibition manager/superintendent.
  - Give notice to the biosecurity sub committee.
  - After a diagnosis is made by a veterinarian a meeting will be held to determine what action will be taken, if any. The meeting will consist of the owner, veterinarian, superintendent, and Biosecurity sub-committee.
  - If determined that the animal needs to be quarantined or sent home, the owner has the option to a second opinion by another licensed veterinarian of their choice at the owners expense.
  - After the second opinion has been reached, reconvene for final decision with all parties.

After the Fair:

- Keep fair animals isolated from other animals and pets for at least 30 days.
- Check these isolated animals every day for any signs of illness.
- Care for isolated animals separately, then shower, change your clothes, and clean and disinfect your boots before going to other areas of the farm.
- Contact a veterinarian as soon as you see any unusual symptoms in any animal. Many diseases look like FMD; only a veterinarian can tell for sure.

These Biosecurity practices are a good idea no matter what disease might be of concern.
The goals are to keep every animal healthy and to safeguard the Oregon livestock industry.

Top Five Disease Prevention Recommendations

- Segregation—Prevent contact of your livestock with other animals.
- Restrict use of feed, equipment, and trailers to your animals and disinfect after use.
- What happens at the fair stays at the fair. This includes equipment (unless cleaned and disinfected), feed, and bedding.
- Notify a veterinarian immediately if an animals becomes ill.
- Isolate animals returning home.
