STEM School Designation 20-21

Please visit [https://www.tsin.org/stem-school-designation](https://www.tsin.org/stem-school-designation) to learn more about each step of the process. Feel free to reach out tsin@battelle.org for more information.

**July 15 - September 15, 2020**
**Self-Assessment and Intent to Apply**
Schools interested in applying should complete the self-assessment and intent to apply form online. Schools will be contacted by a member of the TSIN team to set up an initial phone call to walk through the application process and to answer any questions. **Schools may submit the intent to apply through September 15, 2020.**

**September - December 31, 2020**
**Complete Portfolio Application**
Schools that have completed the self-assessment and indicated their intent to apply will submit their full application, including narrative responses and artifacts for each section, through our specified platform. **Applications close December 31, 2020.**

**January - February 2021**
**Application Review**
The Tennessee STEM Designation Review Team will assess each school’s portfolio application and provide feedback on the submitted narratives and artifacts.

**March 2021**
**Review Team Site Visit**
Visits will be conducted by members of the Tennessee STEM Designation Review Team to follow up on specific elements from the portfolio review. School site visits will only be conducted for those being considered for STEM School Designation based on their portfolio review outcomes.

**May 2021**
**Designation Notifications**
Schools applying to be STEM Designated for the 2020-2021 academic year will be notified about their status in April. STEM Designated School announcements will be made in May.
