## Connecting Your iPhone to a Wi-Fi Network

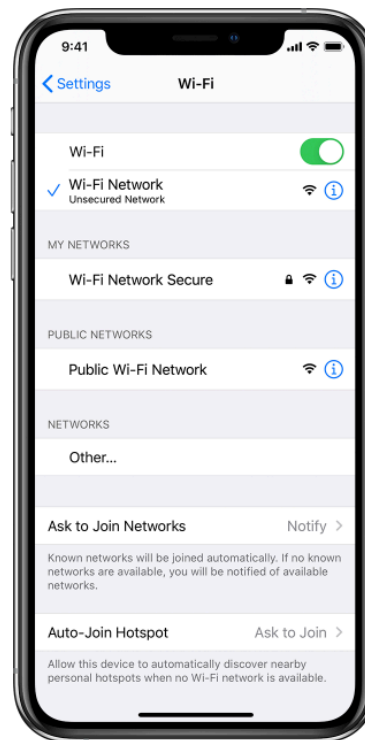

### Connect to a Wi-Fi network

1. From your Home screen, go to Settings > Wi-Fi.
2. Turn on Wi-Fi. Your device will automatically search for available Wi-Fi networks.
3. Tap the name of the Wi-Fi network that you want to join.

With iOS 13 and iPadOS, you might see these network options:

- My Networks: Wi-Fi networks that you've connected with before.
- Public Networks: Available Wi-Fi networks that you've never connected with before.

After you join a network, you'll see ✓ next to the network and  in the upper-left corner of your display or the upper-right corner on an iPhone X and later.

### Connect to a secure Wi-Fi network

Secure Wi-Fi networks are password-protected and have  by their names.

1. Go to Settings > Wi-Fi, and make sure Wi-Fi is turned on.
2. Tap the name of the secure Wi-Fi network you want to join.
3. Enter the password for the secure Wi-Fi network, then tap Join. If you can't tap Join, the password you've entered is incorrect.

After you join the network, you'll see ✓ next to the network and  in the upper-left side of your display or the upper-right corner on an iPhone X and later. If you [don't know the password to the Wi-Fi network](#), contact your network administrator.
