

DIS SUMMER NEWSLETTER

Due to Covid-19, all of our lives have had to change to keep others and ourselves safe and healthy. We are still open and operating as normal with no changes to our hours. We at DIS are making the necessary changes in our own stores to keep up to date with regulations to ensure our customers and employees are safe.

Due to being an essential business and restrictions on our suppliers during our busiest time of the year, we have seen delays in receiving product. If you have a big project coming up, please place orders for product as soon as you can so we can ensure we have the right parts for you.

We are receiving returns to all of our locations.

If you have any questions or concerns, feel free to call any of our locations!
