

Publications

1. Books

- Eyers, J. and Watkins, H. (in prep) *Food glorious food: a celebration of recipes through the ages*.
- Eyers, J. (in prep.) *Building stones of the British Isles*. ISBN 978-1-904898-09-2
Book and images CD. A guide for archaeologists.
- Eyers, J. (in prep) *Geology for Archaeologists: (1) How to identify and source rocks*. ISBN 1-904898-07-6.
- Eyers, J. and Watkins, H. *A journey through the Chiltern Hills*. Amberley Books. ISBN 978-1-4456-3624-5.
- Eyers, J. and Watkins, H. 2013. *More than Six-feet-under. The Big Dig at St Dunstan's churchyard, Monks Risborough*. ISBN 978-1-904898-15-3.
- Eyers, J. 2012. *Geology of the Norfolk Coast: Hunstanton to Happisburgh*. e-book. ISBN 978-1-904898-14-6.
- Eyers, J. 2012. *Archaeology of Downley Common*. e-book ISBN 978-1-904898-13-9.
- Eyers, J. 2011 (ed.) *Romans in the Hambleden Valley. Yewden Roman Villa*. ISBN 978-1-904898-12-2.
- Eyers, J. 2007. *Rock around Bucks. Rocks, fossils and landscape*. ISBN 978-1-904898-08-5.
- Eyers, J. 2007. *Archaeology of Downley Common*. ISBN 978-1-904898-07-8.
- Eyers, J.(2004) *Archaeology and geology of Lycia, southern Turkey*. Archaeologists Afoot Series. ISBN 978-1-904898-06-1.
- Eyers, J. 2003. *Archaeology of Marlow and the surrounding area*. Archaeologists Afoot Series. ISBN 978-1-904898-05-4.
- Eyers, J. 2002. *Rocks Afoot: Geology of North Bucks*. Rocks Afoot Series. ISBN 978-1-904898-03-0.
- Eyers, J. 2002. *Rocks Afoot: Fossils and where to find them*. Rocks Afoot Series. 2nd ed. 52pp. ISBN 978-1-904898-04-7.
- Eyers, J. 1998. *Rocks Afoot: Geology of South Bucks*. Rocks Afoot Series.56pp. ISBN 978-1-904898-00-9.
- Eyers, J. 1998. *Rocks Afoot: Geology of Northeast Norfolk (Hunstanton to Happisburgh)*. Rocks Afoot Series. 48pp. ISBN 978-1-904898-01-6.
- Eyers, J. 1998. *Rocks Afoot: The building stones of Reading Town Centre*. Rocks Afoot Series. 48pp. ISBN 978-1-904898-02-3.
- Eyers, J. 1994. *Knowl Hill Berkshire 50 million years ago*. Field guide Book. Postgraduate Research Institute for Sedimentology, University of Reading. (Out of print).
- Eyers, J. 1994. *Geology and Buildings Series: 2. Aston Rowant LNR and Chinnor Cement Works, Oxfordshire*. Field Guide Book. Postgraduate Research Institute for Sedimentology, University of Reading. (Out of print).
- Eyers, J. 1994. *Geology and Buildings. 1: The building stones of Reading Town Centre*. Field Guide Book. Postgraduate Research Institute for Sedimentology, University of Reading. (Out of print).

2. Refereed papers

- Stead, D and Eyers, J. 2016. Palynological and palynofacies analysis and geological review of Aptian-Albian sediments from Munday's Hill Quarry, Bedfordshire, UK *Palynology* (in press).
- Naglaa Abu-Mandil Hassan, Keri A. Brown, Jill Eyers, Terence A. Brown, Simon Mays 2013. Ancient DNA study of the remains of putative infanticide victims from the Yewden Roman villa site at Hambleden, England., *J. Arch. Sci.*
- Eyers, J. 2013. Geoconservation in Bucks. *OUGS J* **34(1)**: 19-23.
- Eyers, J. and Hutt, A. 2012. Mill End Roman Villa, Hambleden: geophysical survey and assessment. *Records of Bucks* **52**, 75-82.
- Mays, S, Robson-Brown' K, Vincent, S, Eyers, J, King, H, Roberts' A. 2012. An infant femur bearing cut-marks from Roman Hambleden, England. *International Journal of Osteology*. DOI: 10.1002/oa.2232.
- Mays, S. and Eyers, J. 2011. Perinatal infant death at the Roman villa site at Hambleden, Buckinghamshire, England. *J. Archaeol. Science* **38**: 1931-38.
- Eyers, J. and Mays, S. 2011 Infanticide in Roman Britain? The Yewden villa babies. *Current Archaeology* Nov 2011, **260**:28-33.
- Eyers, J. 1998. Geology of the Kabak Gorge, Turkey. *The Open University Geological Society Journal*. **19(1)**, 1-5.
- Eyers, J. 1997. Using gamma-ray spectrometry in palaeoenvironmental interpretation *The Open University Geological Society Journal* **18(3)**.
- Eyers, J. 1997. Geological history of the Kabak Gorge, southern Turkey. *Atlas*, June edition (in Turkish language).
- Eyers, J. 1995. Discussion on facies analyses in the Lower Greensand using ground-penetrating radar. *J. Geol. Soc. London*. **153**, 334-336.
- Eyers, J. 1995. Correlation of the Lower Greensand (Woburn Sands and Carstone) of the Bedfordshire Province, England. *Cretaceous Research*. **16**, 385-413.
- Eyers, J. 1995. The Silty Beds: a tidal flat sequence at the junction of the marine Lower Greensand and Gault (Aptian-Albian, Lower Cretaceous) of Bedfordshire, England. *Proc. Geol. Assoc. London*. **106**, 107-118.
- Eyers, J. 1994. The Lower Greensand and Gault (Lower Cretaceous) of Berkshire and Oxfordshire. *The Open University Geological Society Journal* **15(1)**, 1-6.
- Eyers, J. 1993. The Lower Cretaceous (Aptian-Albian) sediments of Norfolk. *The Open University Geological Society Journal* **14(1)**, 1-16.
- Eyers, J. 1993. The 'Coprolite' Industry in Buckinghamshire (1860 to 1890). *Open*

- History*. **47**, 28-44.
- Eyers, J. 1992. *Lithostratigraphy of the Lower Greensand and Gault (Lower Cretaceous) of the Bedfordshire Province, England*. PhD thesis, Open University, unpubl.
- Eyers, J. 1992. Sedimentology and palaeoenvironment of the Shenley Limestone (Albian, Lower Cretaceous): an unusual shallow-water carbonate. *Proc. Geol. Assoc. London*. **103(4)**, 293-302.
- Eyers, J. 1991. Sorrento 1990: Pompeii and Herculaneum. *The Open University Geological Society Journal* **12(1)**, 13-15.
- Eyers, J. 1990. Capri. *The Open University Geological Society Journal* **12(1)**, 10-11.
- Eyers, J. 1990. The influence of tectonics on early Cretaceous sedimentation in Bedfordshire, England. *J. Geol. Soc. London*. **148**, 405-414.
- Eyers, J. 1990. Interactive modelling of geological data with UNIRAS. *Terra Nova*, **2**, 176-181.
- Eyers, J and Hill, D. 1989. Caving in the Yorkshire Dales. *The Open University Geological Society Journal* **10(2)**, 40-44.
- Eyers, J. Earthquakes: does the Earth move for you too? *The Open University Geological Society Journal* **10(2)**, 32-39.
- Eyers, J. 1989. The art of thin section interpretation. Part 1. The use of thin sections in facies analysis, provenance studies and depositional environmental modelling. *The Open University Geological Society Journal* **10(2)**, 32-39.
- Eyers, J. 1989. Lower Greensand, laterites and ancient shorelines in Leighton Buzzard. *The Open University Geological Society Journal* **10(1)**, 1-14.
- Eyers, J. 1987. A volcanic origin for the Cretaceous-Tertiary boundary clay? *The Open University Geological Society Journal* **8(2)**, 38-44.
- Eyers, J. 1987. The Forest of Dean. *The Open University Geological Society Journal* **8(1)**, 34-37.
- Eyers, J. 1986. Rapid access sampling of the 1984 Mauna Loa eruption (or did you know your boots were on fire?) *The Open University Geological Society Journal* **7(1)**, 3-6.
- Eyers, J. 1986. The best of the 'grot' at the Geological Museum. *The Open University Geological Society Journal* **7(1)**, 15-19.
- Eyers, J. 1986. North Devon. *The Open University Geological Society Journal* **7(1)**, 9-15.
- Eyers, J. 1986. Earthquake prediction. *The Open University Geological Society Journal* **7(1)**, 7-8.

- Eyers, J. 1986. Good scientists never jump to conclusions? *The Open University Geological Society Journal* **7(1)**, 1-2.
- Eyers, J. 1985. Competition theory no longer reigns supreme? *The Open University Geological Society Journal* **6(1)**, 1-3.
- Eyers, J. 1984. What caused the extinctions known as the Cretaceous-Tertiary Boundary Event? A palaeoecological view. *The Open University Geological Society Journal* **5(1)**, 15-22.

3. Site and specialist reports, and compiled volumes

- Eyers, J. 2016. *Samian pottery from the National Institute for Agricultural Botany, Cambridge* (NBC1942). Specialist report for Albion Archaeology.
- Eyers, J. 2016. *Samian pottery from Land North of Bedford, Bedfordshire* (LNB626). Specialist report for Albion Archaeology.
- Eyers, J. 2016. *Worked stone from Kickles Farm, Newport Pagnell, Bucks.* KNP2451. Specialist report for Albion Archaeology.
- Eyers, J. 2016. *Worked stone from Elstow Abbey* (ELS2677). Specialist report for Albion Archaeology.
- Eyers, J. 2016. *Samian pottery from Station Road, Sandy, Bedfordshire.* Specialist report for AOC Archaeology, London.
- Eyers, J. 2016. *Lambridge Woods, Henley, Oxfordshire: archaeological evaluation of Grim's Ditch.* Chiltern Archaeology Report **CA135**.
- Eyers, J. 2015. *Geological report for Nine Acre Quarry, Bedfordshire, and associated SSSIs.* Chiltern Archaeology Report **CA134**.
- Eyers, J. 2015. *Maids Moreton mound (Bucks) geophysics (resistivity) survey.* Chiltern Archaeology Report **CA133**.
- Eyers, J. 2015. *Petrological report for worked stone Bourton Way, Wellingborough, Northants* BW2188. Specialist report for Albion Archaeology.
- Eyers, J. 2015. *Bedford Western Bypass Northern section, Beds* BWN1893. Specialist report for Albion Archaeology.
- Eyers, J. 2015. *Petrological report for Worked stone Fairfield Park School, Stotfold, Beds* FPS1938. Specialist report for Albion Archaeology.
- Eyers, J. 2015. *Petrological report for worked stone Land north of Biddenham, Beds* LNB626. Specialist report for Albion Archaeology.
- Eyers, J. 2015. *Petrological report for worked stone Northampton Road, Brackley, Northants* NB2125. Specialist report for Albion Archaeology.
- Eyers, J. 2015. *Petrological report for worked stone from Bishop Stortford North-Western neighbourhood, Beds* BSW2396. Report for Albion Archaeology.
- Eyers, J. 2015. *Petrological report for worked stone Radstone Fields, Brackley, Northants* RF1940. Specialist report for Albion Archaeology.
- Eyers, J. 2015. *Worked stone Perkins Road, Bedford* PR1758. Specialist report for Albion Archaeology.
- Eyers, J. 2015. *Mount Pleasant, Taylors Lane, St Leonards, Bucks: Archaeological evaluation of site including Grim's Ditch.* Chiltern Archaeology Report **CA132**.
- Eyers, J. 2015. *Grand Union Business Park (Old Trimite site): Desk based Assessment and geotechnical survey.* Chiltern Archaeology Report **CA131**.
- Eyers, J. 2014. *Geophysical survey of Coleman's Wood, Holmer Green, Bucks.* Unpublished report for Stuart King.
- Eyers, J. 2013. *Samian pottery from Stretton Road, Great Glen, Leicestershire.*

Specialist report for Albion Archaeology.

Eyers, J. 2013. *Worked stone from NIABC, Cambridge*. NBC1942. Specialist report for Albion Archaeology.

Eyers, J. 2013. *St Dunstan's, Monks Risborough, Bucks: archaeological excavation*. Chiltern Archaeology Report **CA130**.

Eyers, J. 2013. *Landscape, geology, soils and archaeology of Moorend Common, Bucks*. Report for the Lane End Parish Council.

Eyers, J. 2013. *Petrological report for worked stone from Woburn Golf Course* WGC B11. Specialist report for Albion Archaeology.

Eyers, J. 2013. *Samian pottery from Marston Park, Marston Moretaine, Bedfordshire* (MP1571). Specialist report from Albion Archaeology.

Eyers, J. 2013. *Petrological identifications for Marston Park, Marston Moretaine, Beds* (MP1571). Specialist report for Albion Archaeology.

Eyers, J. 2013. *Petrological identifications for Haverhill, Suffolk*. HRP11. Specialist report for Albion Archaeology.

Eyers, J. 2012. *Broadfields Sports Ground, Harrow: Archaeological Assessment*. Chiltern Archaeology Report **CA129**.

Eyers, J. 2012. *Geology, soil and archaeological features of Naphill Common, Bucks*. Report for the Friends of Naphill Common.

Eyers, J. 2012. *Samian pottery from Burton Latimer, Beds* BL 1725. Specialist report for Albion Archaeology.

Eyers, J. 2012. *Samian pottery from Home Farm, Cranfield, Beds* HFC 1142. Specialist report for Albion Archaeology.

Eyers, J. 2012. *Samian Pottery from Perkins Road, Beds* PR 1758. Specialist report for Albion Archaeology.

Eyers, J. 2012. Petrological identifications for Home Farm, Cranfield, Bedfordshire HFC 1142. Specialist report.

Eyers, J. 2012. *Worked stone from Home Farm, Cranfield, Beds* LBW1289. Specialist report for Albion Archaeology.

Eyers, J. 2012. *Rose Cottage, Stokenchurch, Bucks: watching brief*. Chiltern Archaeology Report **CA128**.

Eyers, J. 2012. *Geological report on Double Arches and Nine Acre SSSIs and Munday's Hill Quarry*. Chiltern Archaeology Report **CA127**.

Eyers, J. 2012. Making a living from Chalk. *Chilternsaetna*. Issue 5, January. CCB

Eyers, J. 2011. *Magnetic susceptibility survey of Little Orchard Field and surrounding area, Hedgerley, Bucks*. Addendum to report 124. Chiltern Archaeology Report **CA125**.

Eyers, J. 2011. *Geophysics results for Little Orchard Field, Hedgerley, Buckinghamshire*. Chiltern Archaeology Report **CA124**.

Eyers, J. 2011. *Petrological identifications for Stretton Road, Great Glen, Leicestershire* SR1526. Specialist report for Albion Archaeology.

- Eyers, J. 2011. *Petrological identifications for Land south of Stotfold, Bedfordshire* LS1237. Specialist report for Albion Archaeology.
- Eyers, J. 2011. *Petrological identifications for Selbourne Priory, Hampshire*. Specialist report for Albion Archaeology.
- Eyers, J. 2011. *Petrological identification from Burton Latimer, Northamptonshire* BL1725. Specialist report for Albion Archaeology.
- Eyers, J. 2011. *Romans in the Hambleton Valley. Monograph 1. Yewden Villa, Hambleton, Buckinghamshire: an evaluation of the finds and records from the 1912 excavation together with new information from field surveys 2008 to 2011*. Chiltern Archaeology Report **CA123**.
- Eyers, J. 2010. *Woodland archaeological survey, North Cot Wood and Chalk Pit Wood, Hambleton, Buckinghamshire*. Chiltern Archaeology Report **CA121**.
- Eyers, J. 2010. *Petrological identifications for Newnham Marina, Bedford* NWM1975/70. Specialist report for Albion Archaeology.
- Eyers, J. 2010 *Investigation into historical chalk mining in Badgerdell Wood, Hertfordshire*. Chiltern Archaeology Report **CA 119**.
- Eyers, J. 2009. *Woodland archaeological survey, Ridge Wood, Hambleton, Buckinghamshire*. Chiltern Archaeology Report **CA120**.
- Eyers, J. 2009. *Petrological identifications for Castle Lane, Bedford*. CLB965. Specialist report for Albion Archaeology.
- Eyers, J. 2009. *Petrological identifications for Bedford Western Bypass, Beds*. BWB1124. Specialist report for Albion Archaeology.
- Eyers, J. 2009. *Petrological identifications for Land West of Bedford, Beds*. LWB1289. Specialist report for Albion Archaeology.
- Eyers, J. 2009. *Salvage recording of the Old Long House, Charndon, Bucks*. Chiltern Archaeology Report **CA 118**
- Eyers, J. 2008. *Romans in the Hambleton Valley. Geophysical survey and desk top study*. Chiltern Archaeology Report **CA 117**.
- Eyers, J. 2007. *Archaeology of Downley Common*. Chiltern Archaeology report. **CA 116**.
- Eyers, J. 2007. *Survey of the Kale, Fethiye, Turkey. Fethiye – Kale Arkeolojik Kazı Onerisi*. Unpublished report for Turkish authorities.
- Eyers, J. 2007. *Watching brief on Chamonix, Lacey Green, Bucks*. Chiltern Archaeology report **CA 114**.
- Eyers, J. 2006. *Survey of the Early Bronze Age burial mounds, Cockmarsh, Berkshire*. Chiltern Archaeology Report **CA 115**
- Eyers, J. 2006. *LGAP and RIGS survey and audit for the County of Buckinghamshire*. Chiltern Archaeology Report **CA 113**
- Eyers, J. 2006. *Sedimentological investigation of the Quaternary sequence and environmental interpretation in Broom Quarry, Biggleswade, Bedfordshire*. Chiltern Archaeology Report, **CA 112**.
- Eyers, J. 2006. Geological survey and report for the repair of the Gate Piers, St Peter's

- and St Paul's Church, Olney, Bucks.. Chiltern Archaeology Report, **CA 107**.
- Eyers, J. 2006. *LGAP and RIGS survey and audit for the County of Bedfordshire*. Chiltern Archaeology Report **CA 111**.
- Eyers, J. 2006. *Geophysics survey Missenden Abbey*. Chiltern Archaeology Report. **CA 110**
- Eyers, J. 2006. *Nine Acre Pit, Bedfordshire: geological survey*. Chiltern Archaeology Report **CA 109**
- Eyers, J. 2006. *Geophysical survey Bisham Abbey, Berkshire*. Chiltern Archaeology Report. **CA 108**.
- Eyers, J. 2005. *Report on the floodplain excavations Cookham Paddock, Berkshire*. Chiltern Archaeology Report. **CA 106**.
- Eyers, J. 2005. *RIGS survey for the County of Bedfordshire – initial assessment*. Chiltern Archaeology Report **CA 105**
- Eyers, J. 2005. *Excavation of a Mesolithic site at Cadmore End, Buckinghamshire*. Chiltern Archaeology Report. **CA 104**
- Eyers, J. 2005. *St Dunstan's Church, Monks Risborough, Buckinghamshire: a watching brief*. Chiltern Archaeology Report. **CA 103**, September.
- Eyers, J. 2005. *St Dunstan's Church Monks Risborough. A desktop study and map evaluation of archaeological interest*. Chiltern Archaeology Report. **CA 102**, April..
- Eyers, J. 2005. *Archaeological excavation of land between Kiln Barn and Kiln Lodge, Lacey Green Buckinghamshire*. Chiltern Archaeology Report. **CA 101**, April.
- Eyers, J. 2004. *The Thames palaeochannel at Harleyford – surrounding the Bronze Age cemetery*. Field report for Marlow Archaeological Society.
- Eyers, J. 2003. *Brawdrie Pembrokeshire: Geological Report. Identification of lithics and their sources*. Site report for Reading University.
- Eyers, J. 2003. *Trench section through the Palaeochannel at Cookham: geological report*. Site report for Marlow Archaeological Society.
- Eyers, J. 2002. *The snails from well F815. Iron Age & Roman Piddington*. The faunal remains: 1. 1979-1997. Fascicule 6. Upper Nene Archaeological Society.
- Eyers, J. 1999. *Survey of Regionally Important Geological and Geomorphological Sites (RIGS) of Buckinghamshire*. Part 1. Report for the Buckinghamshire Earth Heritage Group.
- Eyers, J. 1999. *Survey of Regionally Important Geological and Geomorphological Sites (RIGS) of the Milton Keynes District of Buckinghamshire*. Part 2. Report for the Buckinghamshire Earth Heritage Group and Milton Keynes Borough Council.
- Eyers, J., Fernandez-Meniola, P. A., Garcia-Mondejar, J., Quesada, S., Roasales, I. and Wright, V.P. 1993. *The Mesozoic of the Peri-Asturian domain (Basque-Cantabrian Region, Northern Spain)*. An excursion guide book. Postgraduate Research Institute for Sedimentology, University of Reading, Berkshire and the Universidade del Pais Vasco, Bilbao, Spain.
- Eyers, J. 1990. *Fossils booklet: a guide to fossil identification in carbonate thin sections*. Open University Course S338 Sedimentary Processes and Basin Analysis.
