Club History

In 1956, Bethlehem Steel Company acquired 400 acres of land between Rogers Road, Cloverbank Road, and Amsdell Road in order to establish the Bethlehem Management Club. The club was established in 1958 and construction was completed in 1959. The designers were world renowned Gordon and Gordon. The club was used solely by the Upper Management and their families for personal enjoyment. Many enjoyed the state of the art pool complex but the majority of the team took advantage of the Championship Golf Course. In the years after the construction of the golf course, a twelve-lane bowling alley, lighted tennis courts, basketball court and horse shoe pits were added.

In 1987, E.F. Burke Development Company purchased the club, renaming it Brierwood Country Club. Under the Burke ownership, an addition to the Members Grille Room was added, Bobby O'Brien's, which was made available to the public. In addition, the Burkes added a Main Dining Room and two additional banquet rooms, now referred to as the Living Room & Garden Room.

Brierwood Country Club is owned by C-BONS International Golf and leads the way in service to its members and guests. The Professional Team is dedicated to making every experience the very best, everyday! We thank you for allowing us the privilege of displaying our club to you! We're sure you'll agree, the Brierwood Country Club is simply beautiful.
