Due to disability, we had to replace our Bathroom with a shower room and we chose Abertay to carry out the work.

Great choice, workmanship excellent by all concerned, follow-up between tradesmen very well organised, no time wasting, between different stages.

No mess was left by any of the above as each group tidied up at the end of every day.

Finished shower room is first class, would like to thank all concerned from office staff, salesman Bob for not only giving his advice but also listening to what our requirements were, also all the tradesmen for giving their opinions and advice throughout.

We would highly recommend Abertay (already have actually)

Thanks again
Winnie & Jim Gibson
