Dear Eddie, Bob, Sam and other staff

Please accept our thanks for the wonderful way that you have refurbished our upstairs shower room to make an en-suite and guest shower rooms.

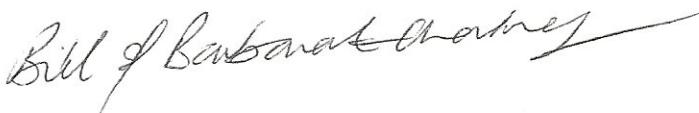

From start to finish everyone has been so professional, helpful, courteous, tidy and reliable—from Bob who drew up plans from our sketchy ideas to Sam who acted as the hard working on site coordinator of joiner, electrician, plasterer and tiler as well as the firm's exceptional plumbing team.

We thank you also for your patience when a faulty mirror twice needed to be replaced through a manufacturer's problem.

We would recommend (and have done so to many of our friends) your firm with its high standard of workmanship.

With Many Thanks

Yours sincerely,
