

15/6/13

Dear all at Abertay Interiors,

A note to thank you for the professional job you did on our kitchen, from the ceiling to the floor and everything in between is just perfect. The transformation from our 30year old kitchen to our new modern up to date one was just amazing in the short time it took, every workman was professional and always checked along the way if we were happy with the work, and we just love everything about it. We had our bathroom done with your company six years ago (it still looks like new!) at that time you didn't do kitchens, so glad we waited for you! We will again recommend you to everyone.

Kind regards,

John and Mary Tivendale
