Dear Sirs

Bathroom Works

Very many thanks for completing the new bathroom, with which my wife and I are delighted.

The completion of this project has been faultless. You arrived at the promised time and completed the work exactly on schedule. The area has been left clean and tidy, and all old units and other debris were removed promptly. All members of your team were unfailingly helpful, friendly and efficient. The end result is exactly as we would have hoped for.

We wish you every success with your business and would have no hesitation in recommending your services.

Yours faithfully
