Hi Eddy,

I'd like to thank you and your team for the excellent job you did on our bath-room, the fitted shower cubicle and full wet wall threw the rest of the room out of "sink" (pardon the pun) So we decided, as you know, to go the whole hog which I am glad we did, the new modern toilet and sink unit finished the job of nicely along with the half wet wall away from the shower.

Originally before we approached your firm, we thought of going down the "homer route" but the job would have taken so long. Your men were in and out over 3 / 4 days, once again thank you all ...I'd recommend your firm to anyone.

Regards

Dave and Nan Eismont
