

## Tube Sleeve & Nut Tube Sleeve (819), Tube Nut (818), Aluminum Tubing

### Tube Sleeve (819) use with 818 nut

Requires 37° flaring tool.

**-AN size      part #**

-3AN*	819-3
-4AN*	819-4
-6AN	819-6
-8AN	819-8
-10AN	819-10
-12AN	819-12
-16AN	819-16
-20AN	819-20

also available in blue ■  
\*available in steel (add S to part #)

### Flair-less -AN Tube Sleeve & Nut

**AN size    Tube size    part #**

-4	1/4"	VFS-4
-6	3/8"	VFS-6
-8	1/2"	VFS-8
-10	5/8"	VFS-10
-12	3/4"	VFS-12

Two piece mild steel flair-less tube sleeve and -AN female nut for attachment to Bundy, Kunifer, steel or aluminum tubing. Fittings are compression type (no flaring tool required). These are also handy for making -AN connections to factory fuel lines. Use with steel male unions.

### Tube Nut (818) use with 819 sleeve

**-AN size      part #**

-3AN*	818-3
-4AN*	818-4
-6AN	818-6
-8AN	818-8
-10AN	818-10
-12AN	818-12
-16AN	818-16
-20AN	818-20

also available in blue ■  
\*available in steel (add S to part #)

### Flair-less Metric Tube Sleeve & Nut

**M size      Tube size    part #**

14x1.5	8mm	VFS-14/8
16x1.5	10mm	VFS-16/10
18x1.5	12mm	VFS-18/12
22x1.5	14mm	VFS-22/14
24x1.5	16mm	VFS-24/16

As above, but for metric tube. We are working on more sizes.

### -AN Female to Tube

**AN size    Tube size    part #**

-6	3/8"	730613
-8	1/2"	730815
-10	5/8"	pending

Flair-less compression type alloy tube ends for use with aluminum and other relatively soft tube material or thin wall applications. Pressure range/rating can vary depending on application.

### -AN Male to Tube

**AN size    Tube size    part #**

-6	5/16"	730622
-6	3/8"	730623
-8	1/2"	730825
-10	5/8"	pending

## Tube Sleeve & Nut Tube Sleeve (819), Tube Nut (818), Aluminum Tubing

### Aluminum Tubing (25 Foot Coil)

**Size part #**

3/8" O.D.	AT-6
1/2" O.D.	AT-8
5/8" O.D.	AT-10

Cost effective seamless aluminum tubing can be used to form O.E. type fuel, water, oil supply lines. Use with AN818 tube nuts and 819 flair tube sleeves or compression hard tube adaptors.
