

# Rock Your World: Online Curriculum for Social Action

**Free Professional Development Opportunity for Educators**

A Partnership of the Museum of Tolerance and  
Rock Your World, a program of Creative Visions Foundation

**December 16 & 17 | The Museum of Tolerance**

**Ignite your students' passion for social action!** Rock Your World is an online curriculum that introduces students to the basic principles of human rights and inspires them to action. Once students have found their 'spark', they become engaged in a thoughtful process of researching an issue of their choice and then developing a media campaign to promote awareness and positive change action.

Rock Your World offers multiple entry points for teaching students to think critically and creatively via authentic learning experiences.

Set in the inspirational learning environment of the Museum of Tolerance, featuring prominent guest speakers, educators will leave this Institute with a customized, student-ready, motivational unit of study designed to:

- Apply standard based academics to real-world issues
- Strengthen inquiry, social analysis, high-level thinking and problem solving skills
- Promote an understanding of human rights and global awareness
- Inspire youth's voice and engage them in civic literacy
- Utilize digital media for meaningful communication

**RSVP Here.**

**9786 Pico Blvd, Los Angeles, CA 90035**
