THOUGHT FOR THE MONTH

Happiness is a big fish and a witness

News From the Front

Symposium latest

We are still progressing with the Symposium and are currently awaiting any developments in Government rulings relating to hotel openings generally. The Symposium hotel, the Mickleover Court, is currently closed and it is hoped that it will re-open in July, with very tight social distancing rules in place. We are in regular contact with the Hotel Group's Central Reservations Team.

However, It may be mid August or later before matters are finally clearer and we are more sure of the situation that is likely to exist in October.

A number of members have already booked into the Symposium and should the Symposium not go ahead, all monies will be refunded

Please note that the email address of Symposium Co-ordinator Rod Calbrade has changed to:
rod.calbrade@btinternet.com

Society Catch Return Form

The Grayling Society in an effort to monitor Grayling populations and their health, have introduced on the Society website a Catch Return form. This form is not just for members but any angler wishing to participate. Just open up the website, click on Catch Return and follow the instructions. Simple, even for me.

Please help with this and pass on the message to your friends and other club members.

Thanks Brian

Other News

Dear Orvis friends and family.

We are extremely happy to announce that from tomorrow, Thursday 11th of June we will be offering telephone orders directly from our Bakewell store for home delivery to your doorstep.

Orders can be placed between 10am– 5pm Thursday-Monday (we are closed Tuesday and Wednesday) by calling the store on 01628 810226.

All necessary precautions are being taken to ensure full staff and customer safety and look forward to welcoming you back into the store on June 18th.

We are fully stocked with fishing rods, equipment and flies—including Phil White Mayflies.

We would greatly appreciate it if you could share this news with other friends and members.

We look forward to hearing from you soon and would like all our lovely customers for their support throughout this difficult time!

Marie, Sam, Alisdair and the Orvis Bakewell team.

- **Subject to the Government guidelines not changing**

I will keep you up to date on any developments with the AGM and Symposium as well as any other stores in our area opening for normal business.

Brian

Please Note

Fly only have moved premises, they are still situated in the same building complex but are now sited behind the old shop. There will be a sign on the old shop giving directions for the new shop entrance further down the front of the building. All contact details and opening times will remain the same.

Bakewell Fly Fishing Shop

CORMORANT WATCH

Seen a cormorant or goosander?

Please help us by recording sightings to persuade governments to increase the number of licences to shoot these highly damaging birds

Report sightings online at
www.cormorantwatch.com

Show your support and help spread awareness of this issue by downloading this poster from www.anglingtrust.net/cormorants

Angling Trust alongside Angling Trades Association, and the Predation Action Group has recently launched Cormorant Watch 2, a website where recordings of cormorant numbers and presence can be made as part of the campaign to increase the numbers which can be shot.

Whether you can shoot on your fisheries or not the attached poster can bring this campaign to the notice of your members and encourage them to report cormorants on your fisheries. This may result in us getting more birds on individual and group licences in the future and is an important way of keeping the need for cormorant control on fisheries in the Minister's mind.

STOP THE SPREAD

STOP THE SPREAD
INVASIVE AQUATIC SPECIES
CHECK-CLEAN-DRY

Are you unknowingly spreading invasive species on your water sports equipment and clothing?

Invasive species can affect fish and other wildlife, restrict navigation, clog up propellers and be costly to manage. You can help protect the water sports you love by following three simple steps when you leave the water.

CHECK

Check your equipment and clothing for live organisms - particularly in areas that are damp or hard to inspect.

CLEAN

Clean and wash all equipment, footwear and clothing thoroughly.

If you do come across any organisms, leave them at the water body where you found them.

DRY

Dry all equipment and clothing - some species can live for many days in moist conditions.

Make sure you don't transfer water elsewhere.

For more information go to www.direct.gov.uk and search for Check Clean Dry

Subscriptions

We still have two or three members who are paying the **old fee of £23.00**. Could I ask that you check your subscription payment with your bank to make sure you are paying the correct amount. If you are still paying the incorrect amount or have any queries about your subscriptions please give me a ring and we can sort it out. Remember The Grayling Society subscriptions are due on the **1st of January** unless agreed otherwise.

£28.00 Adult

£47.00 Joint

£22.00 Senior (over 70 years)

£5.00 Junior (16 or under)

Please phone me on:

01246 271324 or 07711 905776.

Thank you for your co-operation

Brian

RECYCLE YOUR FISHING LINE

What has this got to do with line recycling?

The amount of line UK anglers send to landfill or incineration every year would reach to the moon.

384,400 km

How do I recycle my fishing line?

Step 1

To find out where your local recycling point is you have two options;

Visit the Anglers National Line Recycling Scheme Facebook page where you will find a list of all participating shops/venues.

Visit our website www.anglers-nlrs.co.uk

Step 2

Keep your old monofilament and braid separate and take it along to your chosen recycling point. The shop may have separate bins for braid and mono but if they have a single bin please keep the braid bagged and place this in the bin.

Step 3

No recycling points near by? You can post it to us via ANLRS, c/o Tools n Tackle, 11 Bridge St, Newhaven BN9 9PH.

How is it recycled?

The waste line is sent to a recycling processor that returns it to a useable material. Recycled nylon is currently used to make traffic cones, wetsuits and sports clothing.

"Something the whole of angling can agree on"
