Bus Travel Assistance Safety-Net Application

School Transport Assistance Scheme

The instructions must be read before completing this form. Please remove this page and keep it for your records.

Applying for safety-net assistance

Complete this form if you wish to apply for safety-net bus travel assistance.

Fill in all guestions on the form and attach your documentary evidence. If you do not it may delay the processing of your form.

Return the completed form to your local bus operator. This must be done within seven days of the student starting to travel on the bus.

Parents/guardians will be required to pay the full cost of travel until approval is granted by the Department of Transport and Main Roads. These fares are not refundable.

You will be advised of the outcome of your application in writing.

Applications can only be accepted for the current school year.

If the student changes school or address during the year, or if the government assistance you receive changes, you will need to re-apply for assistance within seven days of the change occurring. You must also tell the department if the number of times the student catches the bus each week changes.

Eligibility This is a summary and is subject to change. Full and current details are available at www.translink.com.au/schooltransport.

To be eligible for safety-net assistance the student must be listed as a dependant on the applicant's:

- * Health Care Card (issued by the Department of Human Services)
- * Pensioner Concession Card (issued by the Department of Human Services)
- * Department of Veterans' Affairs Pensioner Concession Card.

Students who have a card issued in their own name, as well as students under a Child Protection Order issued by Child Safety Services, may also qualify for safety-net assistance.

The following conditions also apply:

- . The student must not be in receipt of any other assistance from the School Transport Assistance Scheme.
- 2. Primary school students (years prep-6) must live 3.2 kilometres or less by the shortest trafficable route from the nearest state primary school or the nearest non-state school of the type attended.
- 3. Secondary school students (years 7-12) must live 4.8 kilometres or less by the shortest trafficable route from the nearest state secondary school or the nearest non-state school of the type attended.
- 4. Measuring: A Geographical Information System is used to identify and measure the shortest trafficable route between the residential property and the nearest state school. Measurements are taken over roads open for public use.
- 5. Students must be enrolled at an approved school.
- School transport assistance is available from only one address. This address must be the principal place of residence of the student's parent or guardian. For students under shared guardianship, parents must decide from which address they will apply for assistance.
- 7. Students from overseas, interstate or on student exchange programs are not eligible to receive travel assistance.
- . Students attending TAFE colleges are not eligible to receive transport assistance.
- 9. Students are only eligible to receive assistance on the designated bus service for their area. Students living in an area serviced by a kilometre-based school bus service are not eligible for assistance on fares-based services.
- 10. Travel assistance is not available for travel to alternative addresses or for travel to more than one school facility.
- 11. In assessing eligibility of students, the minimum frequency of travel is 20%, that is, two trips per week.

The Department of Education is responsible for transport assistance for students with a disability. Please discuss eligibility requirements and assistance types for these students with the school attended.

Level of assistance

The department will pay a maximum amount for eligible students direct to bus operators. Parents/guardians are responsible for the payment of any excess fares that apply above this amount.

Bus passes

- 1. Where bus companies issue bus passes, the pass must be produced to the driver upon request.
- Passes are not transferable.
- 3. Parents will be required to pay a replacement fee for lost passes.
- 4. Damaged passes will be replaced at a nominal fee provided the damaged pass is produced and identifiable.
- 5. When students cease using the bus service, passes must be returned to the bus company immediately.
- 6. Excess fares are to be paid directly to the transport operator.

Code of Conduct for school bus travel

The department has in place a Code of Conduct for School Students Travelling on Buses. The Code applies to all students attending primary and secondary school in Queensland who use buses either to travel to and from school or for other school-related activities such as excursions.

The Code sets out prescribed standards of behaviour and examples of how your child can meet these standards.

Brochures outlining the Code of Conduct and detailing students and parents' responsibilities are available from your local bus operator or nearest departmental office as listed below.

Change of circumstances

A new application form needs to be completed within seven days when a student changes school, address or government assistance.

Parents must notify the bus company and the department within seven days when a student no longer uses a particular service.

The department reserves the right to withdraw travel assistance and recover monies paid if investigations show the student to be ineligible. Persons who intentionally provide false information to obtain a benefit may be liable to a \$7800 fine under Section 149(3) of the *Transport Operations (Passenger Transport) Act 1994.*
