Is property heated when not in use?	YES	NO

Please indicate the appliances at the property that use propane	Heat	Hot water	Space Heater
	Range/Oven	Dryer	Fireplace
	Firepit	Grill	Generator
	Pool	Spa	
	Other		

### Delivery Options:

*Customers on will call monitor their usage by reading a gauge on the tank. We suggest that customers request a delivery when gauge reads between 20-30%. A same day delivery fee of \$75.00 and possibly a system restart fee of \$75.00 will apply if a low tank percentage or run out requires an emergency delivery.*

*Automatic delivery takes the guess work out of your hands! Automatic deliveries are based on a projection of your usage. This method is very accurate, it is not perfect. We strongly recommend that you monitor your tank during unusually cold temperatures or if there are any changes in usage (i.e. additional house guests, work on property during your absence, earlier arrival on island or later departure, and increased pool or spa use).*
