ZIPsystem™
SHEATHING & TAPE

**SEASONS CHANGE,
BUT YOUR INDOOR COMFORT SHOULDN'T.**

Air leakage can increase energy costs because it makes heating and cooling systems work harder to keep your home cool in the summer and warm in the winter. ZIP System® sheathing and tape is a revolutionary solution for exterior walls and roofs with a built-in moisture barrier and air-tight, taped seams, to help keep air and moisture out and energy savings and comfort in.
