FIRE SAFETY AWARENESS

In compliance with the Regulatory Reform (Fire Safety) Order 2005, all new staff must attend at least a basic level of fire safety training. Our **Fire Safety Awareness** qualification is aimed at all employees where a basic understanding of fire safety is required. This course gives each candidate the understanding that fire safety is the responsibility of everyone in the workplace and gives recognition of the contribution they may have to prevent the starting and spread of fires.

This ½ **day** course will equip candidates with the knowledge required to comply with the Regulatory Reform Order 2005 and provide them with a basic understanding of fire safety awareness.

Our Fire Safety Awareness course covers:

- The History of Fires
- The Law
- Theory of Fire
- Triangle of Fire
- Types of Fire
- Fire causes & prevention
- General Fire precautions
- Simple fire extinguisher checks
- Action on discovering a fire

Fire Extinguisher Training

- Methods of extinguishing fire
- Identification and types of fire extinguishers
- Operation and use of fire extinguishers
- Fire extinguisher maintenance
- Fire fighting techniques – on simulated fires

On completion of the course all candidates will be issued a fire safety awareness certificate which is valid for 3 years.
