

	<p>Dexter Brake actuator 1600psi Suitable for 2 to 6 Wheels Disc Brakes</p> <p>Part Number = DT1001</p>
	<p>Breakaway Kit ,9 Amp/Hour Including: Battery, Battery Carry Box , Safety Switch Part Number = DT1002</p> <p>Safety switch = DT1002A</p> <p>Battery = DT 1002B Battery's Box = DT 1002C</p>
	<p>Lazy Hub (Hot Dip Galvanize) Ford 5 Stud Pattern Complete with Bearings, Seal and studs Inner bearing = L68149 / Cup L68111 Outer bearing = L 44649/ Cup L44610 Seal = 171255 UC /TC (hub cap not include) Part Number = HB1002 Price :\$ 90.00+gst</p>
	<p>Transtyle's Lazy Hub (Stainless Steel) Ford 5 Stud Pattern Complete with Bearings, Seal and studs Inner bearing = L68149 / Cup L68111 Outer bearing = L 44649/ Cup L44610 Seal = 171255 UC /TC (hub cap not include) Part Number = HB1002A Price :\$ 165.00+gst</p>
	<p>Lazy Hub (Hot Dip Galvanize) Land cruise 6 Stud Pattern Complete with Bearings, Seal and studs Inner bearing = L68149 / Cup L68111 Outer bearing = L 44649/ Cup L44610 Seal = 171255 UC /TC (hub cap not include) Part Number = HB1002B</p>
	<p>UFP 9.75" Integral Hub (Dacromet Plated) Ford 5 Stud Pattern Complete with Bearing, Seal and Studs Inner bearing = L 68149 / Cup L68110 Note (inner cup different with our one) Outer bearing = L 44649 / Cup L44610 Seal = 171255 UC /TC (hub cap not include) Part Number = HB0975</p>

	<p>10" Integral Hub (Dacromet Plated) Ford 5 Stud Pattern Complete with Bearing, Seal and Studs Inner bearing = L 68149 / Cup L68111 Outer bearing = L 44649 / Cup L44610 Seal = 171255 UC /TC (hub cap not include) Part Number = HB1001</p>
	<p>10" Electric drum/hub (Painted) Ford 5 Stud Pattern Complete with Bearing, Seal and Studs Inner bearing = L 68149/Cup L68111 Outer bearing = L 44649/Cup L44610 Seal = 171255UC/TC Part Number = HB1003</p>
	<p>10" Electric backing plate brake assembly (with hand brake) Part Number = EB0001</p>
	<p>10" Ventilated rotor (dacromet) suit for hub over rotor , 24mm thickness Ford 5 studs pattern Part Number = DR1001</p>
	<p>Transtyle's 10" Ventilated Rotor (Stainless Steel) suit Hub Over Rotor Ford 5 Stud Pattern Part Number = DR1002</p>
	<p>10" Ventilated Rotor (Dacromet) Hub Over Rotor Land Cruiser 6 Stud Pattern Part Number = DR1001A</p>
	<p>Transtyle's 10" Ventilated Rotor (Stainless Steel) suit Hub Over Rotor Land Cruiser 6 Stud Pattern Part Number = DR1002A</p>

	<p> Lazy Hub suit for 12" roto (Hot Dip Galvanize) Land cruiser 6 Stud Patten Complete with Bearings, Seal and Studs Inner bearing = 25580 /Cup 25520 Outer bearing = 15123 /Cup 15245 Seal = 225255 Part Number = HB1202 </p>
	<p> Transtyle's Lazy Hub suit for 12" roto (Stainless Steel) Land cruiser 6 Stud Patten Complete with Bearings, Seal and Studs Inner bearing = 25580 /Cup 25520 Outer bearing = 15123 /Cup 15245 Seal = 225255 Part Number = HB1202A </p>
	<p> 12" Integral Hub (Dacromet Plated) Land cruiser 6 Stud Pattern Complete with Bearing, Seal and Studs Inner bearing = 25580 /Cup 25520 Outer bearing = 15123 /Cup 15245 Seal = 225255UC Part Number = HB1201 </p>
	<p> 12" Electric drum /hub (painted) Complete with Bearing, Seal and Studs Landcruiser 6 Stud Pattern Inner bearing = 25580/Cup 25520 Outer bearing = 15123/Cup 15245 Seal = 225255UC Part number = HB 1203 </p>
	<p> 12" Electric backing plate brake Assembly (with hand brake) Part Number =EB0002 </p>
	<p> 12" Ventilated Rotor (Dacromet Plated) suit for Lazy Hub (Hub Over Rotor) 24mm thickness Landcruiser 6 Stud Pattern Part Number = DR1201 </p>
	<p> 12" Ventilated Rotor (Stainless Steel) suit for Hub Over Rotor 24mm thickness Landcruiser 6 Stud Pattern Part Number = DR1202 </p>

	<p>UFP DB35 Aluminum Caliper Body Brake pad included Suitable for 9.75' UFP disc 22mm thick</p> <p>Part Number = CP1003</p>
	<p>Tie Down Caliper 46910 Brake pad included Suitable for 10" disc 24mm thick</p> <p>Part Number = CP1004</p>
	<p>Transtyle's Caliper assy (Dacromet plated) Comparable with Kodiak K225 and Deemaxx Single Stainless Steel Piston, Stainless Steel Slider Sleeve, Brass Fittings, Brake Pads and Caliper Bolts Included Suit for 10" and 12" Rotor 24mm Thickness Part Number = CP1001</p>
	<p>Transtyle's Caliper assy (Stainless Steel) Comparable with Kodiak K225 and Deemaxx Complete Stainless steel Body Single Stainless Steel Piston, Stainless Steel Slider Sleeve Brass Fittings, SS Brake pad's Backing Plate and SS caliper Bolts Suit for 10" and 12" Rotor 24mm Thickness Part Number = CP1002</p>
	<p>Caliper Mounting Bracket (Dacromet Plated) Suitable for 10" Integral Rotor with K225 Caliper Part Number = BR1001</p>
	<p>Caliper Mounting Bracket (Dacromet Plated) Suitable for 10" Hub Over Rotor with K225 Caliper Part Number = BR1002</p>
	<p>Caliper Mounting Bracket (Stainless Steel) Suitable for 10" Hub Over Rotor with K225 Caliper</p> <p>Part Number = BR 1003</p>

	<p>Caliper Mounting Bracket (Dacromet Plated) Suitable for 12" Hub Over Rotor and Integral Rotor, with 225 Caliper</p> <p>Part Number = BR1201</p>
	<p>Caliper Mounting Bracket (Stainless Steel) Suitable for 12" Hub Over Rotor and Integral Rotor, with 225 Caliper</p> <p>Part Number = BR1202</p>
	<p>Grease Cap 50mm suit for 10" Hub (Zing plated)</p> <p>Part Number = CR1001</p>
	<p>Transtyle Oil Bearing lubrication 50mm (Aluminum) Suit for 10" Hub Set of 2 for 1 axle Part Number = CR1003</p>
	<p>Stainless Steel Bearing Buddy 50mm Suit for Transtyle 10" hub Part Number = CR1005</p>
	<p>Stainless Steel Bearing Buddy 45mm Suit for local hub LM and SL Bearing Part Number = CR1007</p>
	<p>Grease Cap 62mm suit for 12" Hub (Zing Plated)</p> <p>Part Number = CR1002</p>
	<p>Transtyle Oil Bearing lubrication 62mm (Aluminum) Suit for 12" Hub Set of 2 for 1 axle Part Number = CR1004</p>
	<p>Stainless Steel Bearing Buddy 62mm Part Number = CR1005</p>

	<p>Bearings Set (Timken) suitable for 10" Hub Including Bearing and Seal Inner bearing = L68149 /Cup L68111 Outer bearing = L44649 /Cup L44610 Seal = 171255UC/TC</p> <p>Part Number = BB1001</p> <p>Inner Bearing , Part number = BB1001A Outer Bearing Part number = BB1001B Oil Seal Part number = BB1001C</p>
	<p>Bearings Set (Timken) suitable for 12" Hub Inner bearing = 25580 /Cup 25520 Outer bearing = 15123 /Cup 15245 Seal =225255UC Part Number = BB1002</p> <p>Inner Bearing , Part number = BB1002A Outer Bearing Part number = BB1002B Oil Seal Part number = BB1002C</p>
	<p>Ceramic Brake Pad suit for Transtyle , Kodiak 225 and Deemaxx Calipers Set for 2 calipers</p> <p>Part Number = BP1001</p>
	<p>Ceramic Brake Pad with SS Backing Plate suit for Transtyle , Kodiak 225 and Deemaxx Calipers Set for 2 calipers</p> <p>Part Number = BP1001A</p>
	<p>Ceramic Brake Pad suit for UFP Caliper Set for 2 calipers</p> <p>Part Number = BP1001B</p>
	<p>Stainless Steel Mounting Bolt 11mm Bolts Caliper to Mounting Bracket (set of 2) for 1 caliper</p> <p>Part Number = BP1002</p>
	<p>Complete repair kit suit for Transtyle , Kodiak 225 and Deemaxx , Caliper</p> <p>Parts Number = BP1002A</p>
	<p>Rubber seal kit suit for Transtyle , Kodiak 225 and Deemaxx , Caliper</p> <p>Part Number = BP1002B</p>

	<p>Stainless Steel Caliper 225 Piston</p> <p>Part number = BP1003</p>
	<p>Bleeder (Brass) suitable for Transtyle and Kodiak 225 Caliper</p> <p>Part number = BP1004</p>
	<p>Bleeder (Brass) suitable for Transtyel and Deemaax Caliper</p> <p>Part number = BP1004</p>
	<p>L, Connector (Brass) Connects Hydraulic Brake Line to Caliper</p> <p>Part number = BP1005</p>
	<p>Brake Line adapter (Brass)</p> <p>Part Number=BP1006</p>
	<p>Brake Line straight Join (Brass)</p> <p>Part Number=BP1007</p>
