May Events

- BLIND WINE TASTING 5/3
- CINCO DE MAYO 5/5
- KIDS & KRITTERS 5/11
- MOTHER’S DAY BRUNCH 5/14
- FAJITAS & ‘RITAS 5/26
- MEMORIAL DAY POOL PARTY 5/29
Wow, the various Eldorado associations are in full swing. Tennis is starting a men’s league; the MGA and SMGA are beginning match play competition; the EWGA had their Eclectic tournament; the ENGA is getting ready for their Member/Member tourney; and this year’s Mars/Venus was a big success and had terrific participation. Tuesday, Wednesday and Thursday evening events are filling up now that we don’t have to worry about finishing in the dark. This is just the beginning...there’s lots more fun to come.

I have been at the club for 11 years and play in many different golf events; so, it’s unusual for me to be in a foursome where I don’t know at least one person. Yet at last Thursday’s Rumble, I played with three guys I didn’t know at all. They’ve been members about a year and they still do that 9 to 5 thing during the week. What a great way to meet new folks at a fun venue. Check it out.

If you missed the Prime and Wine dinner and you’re a fan of both, you missed a delicious meal and some nice wine choices. Put it on your calendar next time around.

Enjoy the club!

Tom Meeks

2012 was a good year! For wine? Yes, it was! But for Michael and Brittany Johann it was an especially good year as it was their first introduction to Eldorado.

After getting engaged in Kauai on the beach at night (we hear that’s a story in itself) Michael and Brittany began their hunt for the perfect house to start a life together. The couple wanted to find an established neighborhood with close proximity to trails for walking, running, and biking that wasn’t too far from work – which for them is currently at our local Raytheon plant off of Highway 380 here in McKinney. They fell in love with a traditional red brick, two story house in our Eldorado community and moved in September 2012. One of the first things they did was attend a welcome event at Eldorado Country Club to see what all it had to offer – Cathy Taylor was the membership director at the time and made them feel right at home!

After months of researching potential wedding venues, Brittany decided there was no better location than the Country Club where she and Michael knew the caring and dedicated staff, and where Cathy Taylor made having her dream wedding seem possible. They were married at St. Michael’s Church, with a reception directly following at Eldorado Country Club on September 28, 2013.

Fast forward to today and Michael and Brittany are Eldorado Ambassadors – frequenting the Country Club almost every Wednesday night, themed Thursday mixers, and of course many of the fun golf events like Glow Ball! If you see them around please make sure to stop and say “Hi!”, and offer them congratulations as they’ve just announced their newest family member due to arrive October 29th – we don’t yet know if it’ll be a bouncing baby girl or boy, but either way are so excited for their growing family!

It’s All Here!  
Steve & Julie Lindberg

Questions?
Feel free to call or text us at 214-563-4442
Dear Members –

With May being here already, that means pool season is right around the corner. This year, we will have some additional challenges to overcome in providing service poolside. As many of you are aware, the Mulligans Snack Bar as well as the pool bathrooms suffered severe damage from a freeze that occurred at the end of 2016. While we immediately approved the demolition of all interior walls, ceiling and plumbing to help further damage from occurring – this project has been held up for months with an insurance claim as well as a determination from various city agencies under which stipulations the building could be rebuilt. As I write this, they have finally determined that we will not be obligated to rebuild with “pool capacity” in mind, but we would need to rebuild under current ADA guidelines. Now we are working on architectural drawing which will need to be approved along with the necessary permits. This all translates to the fact that the likelihood of Mulligans and the pool bathrooms being open at any point during the summer season is very unlikely. The team has gotten together and we are finalizing a plan to still be able to provide service at the pool from both a food and drink standpoint. There will be some days where we plan on having a full bar and cooking equipment in a temporary set up by the pool while there will be other days that we will plan to run food & drink from the main clubhouse. From a bathroom standpoint, we will need to use the locker room bathrooms right inside the main Clubhouse. While not ideal, it is our only real temporary option. We hope that everyone will understand and work with us as we deal with the additional challenge. The end result will be an updated facility that will far surpass the quality of the previous building. We also have committed to many repairs in the pool this year that meant replacing major equipment, repairing significant leaks and making structural repairs to address safety issues across the deck and both pools. All of this work has been completed. This is all major work that we hope will show our progress and commitment to making Eldorado Country Club a relevant, up-to-date facility that is appreciated by the Club Membership.

On two other matters, I want to remind everyone that we are offering a multi-year Membership opportunity with significant discounts and benefits through the end of 2017. We only have two of these Memberships available per month. So far, there has been a great amount of interest, so please reach out to Michelle Hutton if you want more information or are interested.

Finally, I know that many of you replied to the Club survey that was sent out in March. We are still waiting for the summary results from the third party organization that we partnered with. I want to assure everyone that we would not have conducted the survey if we were not interested in your input. We have every intention of taking to heart the items that are identified as deficiencies so that we can provide focus in the appropriate areas. I appreciate your willingness to take the time to participate in the survey. Your input is truly valuable. We did have 378 responses and the lucky winners of the $1,500 F&B gift card was Larry & Pat Reeg!

See you at the Club!

Chris Stewart
As we move into May that means we are closer to summer beginning. We have had some good fortune with the weather, so the course is really reaping the benefits. We hope this trend continues with the support of our members helping to “take pride” in our course. Please remember that we need all members to obey the course rules.

I want to remind members as well that our weekly evening events are off to a good start. Don’t forget we have Tuesday Twosomes for all golfers with handicap at 6 p.m. Wednesday is Sip ‘N’ Chip for the ladies at 6 p.m. and Thursday at 6 p.m. is the RUMBLE for the men with a handicap. We hope everyone comes out to participate in these fun and competitive events.

I also want to recognize one of members Linda Moorman. Linda aced number 16 and is also in the Hole in 1 club! Way to go Linda! If you are not in the Hole in 1 club or are not sure, ask us in the golf shop and we can verify that for you. The reward is pretty handsome for a shot well played!

We just launched an Eldorado Golf Shop page on Facebook. You can find us by searching “Eldorado Golf Shop.” Be sure to like and follow our page for updates, specials, and photos from the course.

We hope you have a great month and that we see everyone up at the club.

Hit ‘Em Straight!

Greg Moots
Head Golf Professional

Upcoming May Golf Events:
May 12th: Friday Night Fun at 5:30 PM
May 20th-21st: MGA Presidents Cup
May 26th: Callaway Demo Day 10-3
May 27th: CBIGG qualifier #3-sign up a foursome and qualify for a chance to win a trip to Moon Valley in AZ
May 29th: Memorial Day the course will be open

Golf Shop: 972.529.2770

News from the Golf Shop

Every Wednesday Eldorado has a Pot of Gold up for grabs!

At 8 p.m. on Wednesdays, a Member’s name is drawn, and if they are present in the Grill, they win the Pot which starts at $250 and increase by $50 increments every week until someone wins. There is no limit to how high the pot can go and all Members are automatically entered.

There is an extra drawing for prizes like a dinner for two or a bottle of wine and everyone who comes to the Grill on Wednesday between 5 p.m. and 9 p.m. Is entered. You do not need to be present to win.
Golf carts have become an integral part of the game; they increase the accessibility of golf courses and provide an additional revenue source for facilities. Given the popularity of golf carts, facilities use a combination of signs, stakes and ropes to control traffic and mitigate any damage. In high-traffic areas, or during periods of extreme moisture, heat or drought, it may also be necessary to restrict carts to paths to avoid widespread turf injury.

With all the open space on a golf course, it can be amazing to see how often golfers drive their carts in exactly the same locations. These consistent traffic patterns can cause serious turf issues. Almost all golf courses have a few spots that experience turf thinning because virtually all cart traffic runs across the same area. Temporary cart restrictions are often needed in these areas simply to give turf a break from excessive golf cart traffic.

Saturated conditions and cart traffic do not go well together. Carts can slide and skid when conditions are wet, causing significant turf damage. Soil compaction is a concern anytime vehicles are driven on turf, but the effects of vehicle traffic are compounded when the ground is saturated. Soft conditions combined with narrow golf cart tires raises an additional concern of tire rutting. Not only does rutting affect the appearance and playability of a golf course, the repair process consumes valuable time and labor that could be devoted to other areas of the golf course.

The need for cart restrictions during extreme heat and drought may not be as well understood by golfers; however, the damage caused by cart traffic during these conditions can be just as devastating as during overly wet conditions. Repairing cart damage incurred during extremely hot or dry conditions can be a slow process and may require seeding or sodding to bring about a full recovery. Once again, this labor could be focused on maintaining other areas of the golf course.

Adding drainage to wet areas or removing trees to increase sunlight and air movement may help get carts back on the course sooner after a rain event, but ultimately the duration of cart restrictions is in the hands of Mother Nature. Cloud cover and high humidity will prolong wet conditions while full sun, ample wind and low humidity will help lift cart restrictions sooner. When carts are restricted due to drought and excessive heat, relief in the form of rain and lower temperatures is necessary before cart restrictions are lifted.

Any type of traffic, whether it is from golf carts or maintenance equipment, causes turf stress when it is concentrated. Golfers can help reduce damage from cart traffic by following signage, avoiding stressed areas and taking unique routes when carts are permitted to leave paths. Driving where the grass is greener may seem counterintuitive, but dispersing traffic over a large area will help maintain healthy turf.

Aaron Schick, CGCS

The MGA season is in full swing for 2017 with plenty of good golf weather, and with summer just around the corner we look forward to a great season.

The MGA would like to congratulate the teams of Wes Hay/Kevin Henderson and Steve Fuqua/Steve Carson on being in the finals of Two-Man Match Play.

The Lonely Guy match play event began in April with a “play in” tournament, with the individual matches to be played throughout the months of May and June. The President’s Cup will be held May 20th and 21st. Be sure to sign up for this two day stroke play event while spots are still available.

I would like to thank the members who participated in our recent survey. Over 50% of our membership provided some good feedback that will help us improve our organization. The results will be posted shortly to the membership for their review.

Be sure to post your scores and we’ll see you on the course!

Eddie Dulaney

TOURNAMENT RESULTS:

Congratulations to Wes Hay and Kevin Henderson on winning the MGA 2-Man match play!
Ladies, can you believe it’s May already and we are in our third month of play. Hopefully those blustery winds of April will bring us into a warm spring.

We have been seeing great turn outs to our Wednesday play, let’s see if we can get more of the ladies out as we begin some more challenging play days.

At the time of this writing, we had not yet played our North/South tournament. Being the northerner that I am, I sure hope it was the North that won.

Our May will be an exciting and busy month for us, see below:

- May 3rd Hate-Em – Before round - Circle your 2 least favorite holes and subtract
- May 10th Play with Pro –or- EWGA
- May 17th Heritage Ranch Exchange -The cost is $38 which includes breakfast, golf, lunch and great prizes,
- May 22nd Open Play
- May 24th and 31st Member/Member - Two-Day Event. Best score on each hole. Front nine the first week and the back nine the second week. Choose a partner within the ENGA, pick a cute outfit to wear, and come play! We will have breakfast before each day’s round and lunch. Cash prizes to the gross and net winners in each flight, a prize for best cart decorations, and lots of other prizes. If you need a partner, get with me or another Board Member and we will help you out.

Happy Birthday to our May Ladies: Lynne Hetsel and Lynda Powe

Women’s Golfing Terminology: Greens: ‘Lunch we eat when we really prefer a cheeseburger’.

Looking forward to seeing you all out at these great events. Happy May!

Amy Fuqua
Welcome to May – We are done with TCD (Tennis Competitors of Dallas), Metro and Love-50 Tennis Matches….and ready to keep playing during the summer! If you are interested in joining one of our tennis teams, it would be a great time to slide into USTA during the summer. We will form a team in May and see if we have enough ladies to play. Contact Jill if interested 469.500.9402. we plan on a 3.5 level team (intermediate) but welcome all levels to play.

TCD Match:
Eldorado Ruby Red vs. Eldorado Divas - These ladies are so much fun to watch on the courts!

UPCOMING EVENTS:
• Happy Hour Sat., May 13, 5-7PM - meet in grill & bring your spouse or friends!

MAY BIRTHDAYS:
• TBD

Tennis, Tennis, Tennis.

It has been a great season as (per the time of this posting) and we have many winning teams that deserve a pat on the back. Ruby Red is in first place and poised to win their flight, the Beach Queens are leading their pack in the Love-50, and our Imagine Dragons School just won the State Tournament! Awesome job everyone!

If you have not gotten in on the Ball Machine club you should. Remember we are trying to get to 20 members for the Ball Machine so we can pre order the new and improved Playmate with an app controlled circuit board so you can use your iPhone to set up your drills for extra practice...It’s awesome!

Please excuse our mess...There will be a few projects going on around the tennis area this summer so we are excited, but scheduling courts will be a challenge without booking them early. More news to come.

Thanks and see ya on the courts.
G
The Eldorado Ladies Association has concluded their meetings for the season but will start back up in a few months, so keep an eye out for those details and information.

The meetings are held at Eldorado Country Club and one does not have to be a member of Eldorado Country Club to be a member of ELA or to attend as a guest. We always enjoy having guests.

Invite your friends and as always, we look forward to your presence.

Jo Brister
