MANAGEMENT PROXY CIRCULAR

as at May 6, 2011

This Management Proxy Circular is furnished in connection with the solicitation of proxies by the management of AVCORP INDUSTRIES INC. (the "Corporation" or "Avcorp") for use at the annual meeting (the "Meeting") of its shareholders to be held on Thursday, June 16, 2011 at the time and place and for the purposes set forth in the accompanying notice of the Meeting.

In this Management Proxy Circular, references to "the Corporation", "we" and "our" refer to AVCORP INDUSTRIES INC. "Common Shares" means common shares without par value in the capital of the Corporation. "Beneficial Shareholders" means shareholders who do not hold Common Shares in their own name and "intermediaries" refers to brokers, investment firms, clearing houses and similar entities that own securities on behalf of Beneficial Shareholders.

GENERAL PROXY INFORMATION

Solicitation of Proxies

The solicitation of proxies will be primarily by mail, but proxies may be solicited personally or by telephone by directors, officers and regular employees of the Corporation. The Corporation will bear all costs of this solicitation. The Corporation has arranged for intermediaries to forward the meeting materials to beneficial owners of Common Shares held as of the record date by those intermediaries and we may reimburse the intermediaries for their reasonable fees and disbursements in that regard.

Appointment of Proxyholders

The individuals named in the accompanying form of proxy (the "Proxy") are David Levi, Chairman of the Board and a Director of the Corporation, and Mark van Rooij, President and Chief Executive Officer and a Director of the Corporation. **If you are a shareholder entitled to vote at the Meeting, you have the right to appoint a person or company other than either of the persons designated in the Proxy, who need not be a shareholder, to attend and act for you on your behalf at the Meeting. You may do so either by inserting the name of that other person in the blank space provided in the Proxy or by completing and delivering another suitable form of proxy**

Voting by Proxyholder

The persons named in the Proxy will vote or withhold from voting the Common Shares represented thereby in accordance with your instructions on any ballot that may be called for. If you specify a choice with respect to any matter to be acted upon, your Common Shares will be voted accordingly. The Proxy confers discretionary authority on persons named therein with respect to:

- (a) each matter or group of matters identified therein for which a choice is not specified, other than the appointment of an auditor and the election of directors,
- (b) any amendment to or variation of any matter identified therein, and
- (c) any other matter that properly comes before the Meeting.

In respect of a matter for which a choice is not specified in the Proxy, the persons named in the Proxy will vote the Common Shares represented by the Proxy for the approval of such matter.

Registered Shareholders

If you are a registered shareholder, you may wish to vote by proxy whether or not you attend the Meeting in person. If you submit a Proxy, you must complete, date and sign the Proxy and return it by mail or delivery in the enclosed envelope to the Corporation c/o CIBC Mellon Trust Company, Attention: Proxy Department, P.O. Box 721, Agincourt, Ontario M5A 4K9 or if by hand, 320 Bay Street, Banking Hall Level, Toronto, Ontario at least 48 hours (excluding Saturdays, Sundays and holidays) before the Meeting or the adjournment thereof at which the proxy is to be used. You may also fax your completed proxy to 1-866-781-3111 or 416-368-3976, not less than 48 hours (excluding Saturdays, Sundays and holidays) before the Meeting or the adjournment thereof at which the proxy is to be used.

Beneficial Shareholders

The following information is of significant importance to shareholders who do not hold Common Shares in their own name. Beneficial Shareholders should note that the only proxies that can be recognized and acted upon at the Meeting are those deposited by registered shareholders (those whose names appear on the records of the Corporation as the registered holders of Common Shares) or as set out in the following disclosure.

If Common Shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those Common Shares will not be registered in the shareholder's name on the records of the Corporation. Such Common Shares will more likely be registered under the names of the shareholder's broker or an agent of that broker (an "intermediary"). In the United States, the vast majority of such Common Shares are registered under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository for many U.S. brokerage firms and custodian banks), and in Canada, under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms).

Intermediaries are required to seek voting instructions from Beneficial Shareholders in advance of meetings of shareholders. Every intermediary has its own mailing procedures and provides its own return instructions to clients.

There are two kinds of Beneficial owners - those who object to their name being made known to the issuers of securities which they own (called OBOs for Objecting Beneficial Owners) and those who do not object to the issuers of the securities they own knowing who they are (called NOBOs for Non-Objecting Beneficial Owners).

The Corporation is taking advantage of the provisions of National Instrument 54-101 "Communication with Beneficial Owners of Securities of a Reporting Issuer" that permit it to directly deliver proxy-related materials to its NOBOs. As a result NOBOs can expect to receive a scannable Voting Instruction Form ("VIF") from our transfer agent, CIBC Mellon Trust Company ("CIBC Mellon"). These VIFs are to be completed and returned to CIBC Mellon in the envelope provided or by facsimile. In addition, CIBC Mellon provides both telephone voting and internet voting as described on the VIF itself which contain complete instructions. CIBC Mellon will tabulate the results of the VIFs received from NOBOs and will provide appropriate instructions at the Meeting with respect to the shares represented by the VIFs they receive.

These securityholder materials are being sent to both registered and non-registered owners of the securities of the Corporation. If you are a non-registered owner, and the Corporation or its agent has sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf.

By choosing to send these materials to you directly, the Corporation (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in your request for voting instructions.

Beneficial Shareholders who are OBOs should follow the instructions of their intermediary carefully to ensure that their Common Shares are voted at the Meeting.

The form of proxy supplied to you by your broker will be similar to the proxy provided to registered shareholders by the Corporation. However, its purpose is limited to instructing the intermediary on how to vote your Common Shares on your behalf. Most brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("Broadridge") in the United States and in Canada. Broadridge mails a VIF in lieu of a proxy provided by the Corporation. The VIF will name the same persons as the Corporation's Proxy to represent your Common Shares at the Meeting. You have the right to appoint a person (who need not be a Beneficial Shareholder of the Corporation), other than any of the persons designated in the VIF, to represent your Common Shares at the Meeting and that person may be you. To exercise this right, you should insert the name of the desired representative (which may be yourself) in the blank space provided in the VIF. The completed VIF must then be returned to Broadridge by mail or facsimile or given to Broadridge by phone or over the internet, in accordance with Broadridge's instructions. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting and the appointment of any shareholder's representative. **If you receive a VIF from Broadridge, the VIF must be completed and returned to Broadridge, in accordance with its instructions, well in advance of the Meeting in order to have your Common Shares voted or to have an alternate representative duly appointed to attend and to vote your Common Shares at the Meeting.**

Notice to Shareholders in the United States

The solicitation of proxies involve securities of an issuer located in Canada and are being effected in accordance with the corporate laws of the Canada and securities laws of the provinces of Canada. The proxy solicitation rules under the United States Securities Exchange Act of 1934, as amended, are not applicable to the Corporation or this solicitation, and this solicitation has been prepared in accordance with the disclosure requirements of the securities laws of the provinces of Canada. Shareholders should be aware that disclosure requirements under the securities laws of the provinces of Canada differ from the disclosure requirements under United States securities laws.

The enforcement by Shareholders of civil liabilities under United States federal securities laws may be affected adversely by the fact that the Corporation is incorporated under the *Canada Business Corporations Act*, certain of its directors and its executive officers are residents of Canada and a substantial portion of its assets and the assets of such persons are located outside the United States. Shareholders may not be able to sue a foreign company or its officers or directors in a foreign court for violations of United States federal securities laws. It may be difficult to compel a foreign company and its officers and directors to subject themselves to a judgment by a United States court.

Revocation of Proxies

In addition to revocation in any other manner permitted by law, a registered shareholder who has given a proxy may revoke it by:

- (a) executing a proxy bearing a later date or by executing a valid notice of revocation, either of the foregoing to be executed by the registered shareholder or the registered shareholder's authorized attorney in writing, or, if the registered shareholder is a corporation, under its corporate seal by an officer or attorney duly authorized, and by delivering the proxy bearing a later date to CIBC Mellon Trust Company or at the registered office address of the Corporation, 10025 River Way, Delta, British Columbia, V4G 1M7 Attention: Edward Merlo, Vice President, Finance and Corporate Secretary, at any time up to and including the last business day that precedes the day of the Meeting or, if the Meeting is adjourned, the last business day that precedes any reconvening thereof, or to the chairman of the Meeting on the day of the Meeting or any reconvening thereof, or in any other manner provided by law, or
- (b) personally attending the Meeting and voting the registered shareholder's Common Shares.

A revocation of a proxy will not affect a matter on which a vote is taken before the revocation.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

No director or executive officer of the Corporation, nor any person who has held such a position since the beginning of the last completed financial year end of the Corporation, nor any proposed nominee for election as a director of the Corporation, nor any associate or affiliate of the foregoing persons, has any substantial or material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted on at the Meeting other than the election of directors, the appointment of the auditor, the approval of the issuance of Common Shares to Panta on conversion of a note, and as otherwise set out herein.

CORPORATE GOVERNANCE

The Board believes that good corporate governance improves corporate performance and benefits all shareholders. The Canadian Securities Administrators (the "CSA") have adopted National Policy 58-201 Corporate Governance Guidelines, which provides non-prescriptive guidelines on corporate governance practices for reporting issuers such as the Corporation. In addition, the CSA has implemented National Instrument 58-101F2 Disclosure of Corporate Governance Practices, which prescribes certain disclosure by the Corporation of its corporate governance practices. A complete description of corporate governance is set out in the Statement of Corporate Governance Practices attached as Schedule A to this Management Proxy Circular.

COMPENSATION OF EXECUTIVE OFFICERS

During the Corporation's fiscal year ending December 31, 2010 the Corporation had five (5) Named Executive Officers or NEOs (as defined below. As of January 28, 2011, Mr. Kalil and as of April 30, 2010, Mr. Davie ceased to be employees of the Corporation. During the Corporation's fiscal year ending December 31, 2010 the aggregate direct remuneration paid or payable to the Corporation's Named Executive Officers by the Corporation and its subsidiaries, all of whose financial statements are consolidated with those of the Corporation, was \$833,227.

GENERAL PROVISIONS

"Named Executive Officer" ("NEO") means each of the following individuals:

- (a) a Chief Executive Officer ("CEO");
- (b) a Chief Financial Officer ("CFO");
- (c) each of the three most highly compensated executive officers, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was, individually, more than \$150,000 for that financial year; and
- (d) each individual who would be a NEO under paragraph (c) but for the fact that the individual was neither an executive officer of the company, nor acting in a similar capacity, at December 31, 2010.

The following discussion includes disclosure relating to all compensation that the Board intended to pay, make payable, award, grant, give or otherwise provide to each NEO and director for the fiscal year ending December 31, 2010.

COMPENSATION AND DISCUSSION ANALYSIS

Compensation Objectives and Components

The Corporation's compensation policies and programs were designed to enable the Corporation to attract and retain senior management with the qualifications and experience necessary for the Corporation, given the stage of its development and the goals of its strategic plan. The objectives of the compensation program are also to motivate the executives and other members of management to achieve the strategic goals of the Corporation and their own specific objectives and goals as approved by the Compensation and Nominating Committee.

The general approach of the Compensation and Nominating Committee is that compensation of executive officers should be competitive with companies in the same industry but relies on the discussions of the Board, without any formal objectives, criteria and analysis, for determining executive compensation.

The compensation for executives includes four components: base salary, annual bonus, stock options and perquisites. As a package, the compensation components are intended to satisfy the objectives of the compensation program (that is, to attract, retain and motivate qualified executives). There are no predefined or standard termination payments, change of control arrangements or employment contracts; however three NEOs are party to employment agreements that contain termination provisions. See "Termination and Change of Control Benefits".

Base Salary

The base salary component is intended to remunerate the NEO for discharging his or her responsibilities and duties. The Compensation and Nominating Committee reviews competitive market data for each executive position and recommends a base salary for each position. Salaries are reviewed annually and adjusted to reflect factors such as performance of the executive in the previous year, overall corporate performance and economic factors such as inflation.

Annual Bonus

The bonus component is intended to reward performance by an executive that achieves or exceeds the executive's objectives and goals for the year. The bonus available for any particular executive is set by the Compensation and Nominating Committee within pre-established guidelines of the Board, and is arrived at through a review of comparable information in the industry and discussion at the Committee level. The decision each year whether to pay a bonus is made by the Board on recommendations of the Compensation and Nominating Committee and depends on the Corporation's cash position.

Stock Options

The stock option component is intended to encourage loyalty of executives and align the interests of the executives with shareholders, to provide long-term rewards that are linked directly to the market price of the Corporation's shares and to provide incentive to increase their proprietary interest in the Corporation and thereby encourage their continuing association with the Corporation. This component satisfies the objective of the compensation program in encouraging executives to focus on assisting the Corporation to meet its strategic and operational goals.

The stock option plan (the "2007 Share Option Plan") is administered by the Board of Directors. Options are granted to executives based on seniority and the responsibilities of the position in question. The process by which the Board grants option-based awards to executive officers is:

The Board/Compensation and Nominating Committee approves base salaries, annual cash incentives and stock options at the same time to facilitate consideration of target direct compensation to executive officers. Options are granted at other times of the year to individuals commencing employment with the Corporation. The exercise price for the options means the amount payable per Common Share on the exercise of an Option, provided such price shall be no less than the Market Price. Market Price of the Common Shares at any relevant date means the volume weighted average Canadian dollar trading price of the Common Shares on the Toronto Stock Exchange ("TSX") for the five trading days prior to that relevant date, calculated by dividing the total value by the total volume of Common Shares traded.

See Heading "SHARE OPTION PLAN" for a discussion of the material provisions of the 2007 Share Option Plan of the Corporation.

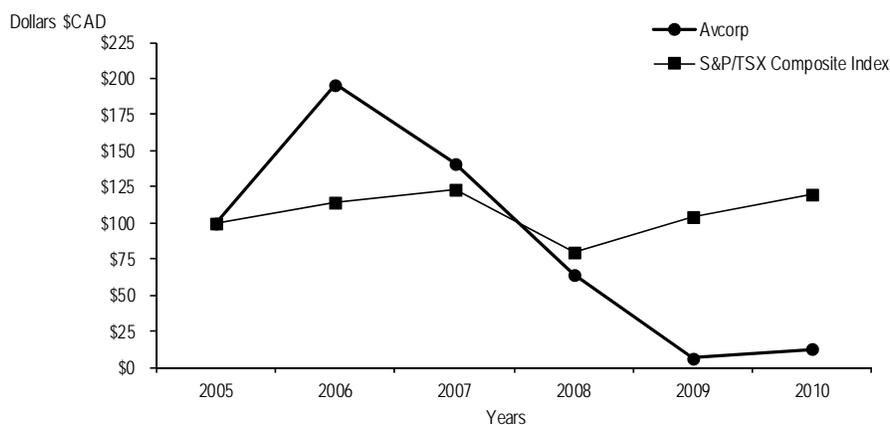

Perquisites

The perquisites offered by the Corporation to NEOs are a car allowance, RRSP contributions, life insurance premiums and in one instance a housing allowance. This component of the compensation program is intended to enable the Corporation to offer a total compensation package that is competitive and fits within the overall compensation objective of the Corporation by providing a method for the Corporation to attract and retain qualified executives.

PERFORMANCE GRAPH

The following graph compares the cumulative total return to a shareholder who invested \$100 in Common Shares of the Corporation compared to an investment of the same amount in the S&P/TSX Composite Index for the five most recently completed financial years.

COMPARATIVE VALUE OF \$100 INVESTED AS AT DECEMBER 31, 2005

Return on \$100 invested in AVP and TSX	2005	2006	2007	2008	2009	2010
Avcorp	\$100	\$196	\$141	\$64	\$7	\$13
S&P/TSX Composite Index	\$100	\$115	\$123	\$80	\$104	\$119

Trend

The above graph for the Corporation shows a decrease of 93% over the period from 2005 to 2009 and an increase of 92% during 2010 over 2009. The decrease in cumulative total return during 2009 can be attributed to volatile market conditions in 2009. During the same period from 2005 to 2009 the Corporation's cumulative total return decreased compared to the S&P/TSX Index increase of 4%.

Executive compensation relating to base salary increased through this period. However, compensation adjustments in 2009 reflected current market conditions, where base salaries were reduced between 7.5 and 10% for 2009 only.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

TSX Policies require each company listed on the exchange, and proposing to grant options, to have a stock option plan. The only equity compensation plan which the Corporation has in place is the 2007 Share Option Plan which is a "rolling" plan, which was approved by shareholders at the Company's Annual General Meeting, held on May 27, 2010.

Pursuant to TSX Policies, continuation of the Plan requires shareholder approval at every third annual general meeting of the Corporation by ordinary resolution. The 2007 Share Option Plan was established to provide incentives to increase individual performance and shareholder value, and to assist the retention of employees. The 2007 Share Option Plan is administered by a designated director or officer of the Corporation appointed from time to time (the "Plan Administrator") by the Board. The Plan Administrator will determine option grants within Guidelines established by the Compensation and Nominating Committee of the Board.

All option grants are subject to Board ratification.

The 2007 Share Option Plan provides that options may be issued to directors, officers, employees or service providers of the Corporation or a subsidiary of the Corporation. The 2007 Share Option Plan provides that the number of Common Shares issuable under the 2007 Share Option Plan, together with all of the Corporation's other previously established or proposed share compensation arrangements, may not exceed 10% of the total number of issued and outstanding Common Shares. The terms of the options may not exceed 10 years from the date of grant.

The 2007 Share Option Plan provides that the Plan Administrator will set the exercise price of any options according to the market price of the Corporation's Common Shares at the time of grant (the five day volume weighted average trading price). The vesting of options is at the discretion of the Plan Administrator, however, the practice of the Corporation is to have options vest during a three year period. The options may not be assigned or transferred. The vesting of options and entitlement to options will be generally subject to the participant remaining employed by the Corporation or any of its subsidiaries. In the case of an Optionee resigning their office, or terminating their employment or service, or being dismissed without cause, the option rights that have accrued to such Optionee up to the time of termination will, unless extended, be exercisable within 90 days of the date of termination.

In the case of an Optionee who is an Employee or Service Provider being dismissed from employment or service for cause, or an employee of a Service Provider whose services are terminated for cause, such Optionee's Options, whether or not vested at the date of dismissal will immediately terminate without right to exercise same.

In the case of the death of an Optionee, any vested Option held by the Optionee at the date of death will become exercisable by the Optionee's lawful personal representatives, heirs or executors until the earlier of up to one year after the date of death of such Optionee and the date of expiration of the term otherwise applicable to such Option.

Unless otherwise approved by the Board, Directors who are not officers, employees or service providers are limited in the option grants they may receive. The 2007 Share Option Plan also provides that the aggregate number of Common Shares reserved for issuance pursuant to all of the Corporation's share compensation arrangements in favour of any one Optionee must not exceed 5% of the outstanding Common Shares at the time of such grant. In addition, the aggregate number of Common Shares reserved for issuance to Insiders under all share compensation arrangements must not exceed 10% of the number of outstanding Common Shares, and the number of Common Shares issued to Insiders, within any one year period, under all share compensation arrangements must not exceed 10% of the outstanding Common Shares.

With respect to amendments to the 2007 Share Option Plan, shareholder approval is required for any of the following amendments:

- (a) any amendment to the number of Common Shares issuable under the 2007 Share Option Plan;
- (b) any reduction in the exercise price of an Option (other than for standard anti-dilution purposes) held by or benefiting an Insider;
- (c) an increase in the maximum number of Options that may be issued to Insiders within any one year period or that are issuable to Insiders at any time;
- (d) an extension of the term of an Option held by or benefiting an Insider;
- (e) any change to the definition of "Participant" which would have the potential of broadening or increasing Insider participation;
- (f) any amendment to the financial assistance provisions described in the 2007 Share Option Plan which is more favourable to Participants;
- (g) the addition of a cashless exercise feature, payable in cash or securities which does not provide for a full deduction of the number of Common Shares reserved for issuance under the 2007 Share Option Plan;
- (h) the addition of a deferred or restricted share unit or any other provision which results in Participants receiving securities while no cash consideration is received by the Corporation; and
- (i) any other amendment that may lead to significant or unreasonable dilution in the Corporation's outstanding securities or may provide additional benefits to Participants, especially Insiders, at the expense of the Corporation and its Shareholders.

The Board may, in its sole discretion, without shareholder approval but subject to receipt of the requisite approval from the TSX, make all other amendments to the 2007 Share Option Plan that are not of the type contemplated above, including, without limitation:

- (a) amendments of a clerical or typographical nature;
- (b) a change to the vesting provisions of an Option or the 2007 Share Option Plan;
- (c) a change to the termination provisions of an Option or the 2007 Share Option Plan which does not entail an extension beyond the original expiry date, except as contemplated in the 2007 Share Option Plan;
- (d) the addition of a cashless exercise feature, payable in cash or securities, which provides for a full deduction of the number of

underlying securities from the 2007 Share Option Plan reserve;

- (e) an amendment to the exercise price of an Option other than as contemplated in the 2007 Share Option Plan;
- (f) an amendment to the expiry date of an Option, unless the amendment extends the expiry date of an Option held by an Insider;
- (g) an addition to, deletion from, or alteration of the 2007 Share Option Plan or an Option that is necessary to comply with applicable law or the requirements of any regulatory authority or stock exchange;
- (h) an amendment to correct or rectify any ambiguity, defective provision, error or omission in the 2007 Share Option Plan or an Option; and
- (i) any other amendment to Options held by non-Insiders not otherwise specifically provided for in the 2007 Share Option Plan.

SHARE OPTION PLAN

The TSX recommends that each company listed on the exchange, and proposing to grant options, have a stock option plan. In order to comply with the policies of the TSX, and to provide incentive to directors, officers, employees, management and others who provide services to the Corporation or any subsidiary to act in the best interests of the Corporation. As stated above, the shareholders approved the adoption of the Corporation's 2007 Share Option Plan at the Corporation's Annual General Meeting held on May 27, 2010.

The TSX permits listed companies to adopt a "rolling" stock option plan, which fixes a maximum number of shares issuable under the plan in terms of a percentage of the issuer's outstanding shares. Under a rolling plan, any increase in the number of outstanding shares of the Corporation will result in an increase in the number of shares that are available to be issued under the plan in future, and any exercise of an option previously granted under the plan will result in an additional grant being available under the plan and also as stated above, under the rules of the TSX, a rolling plan must be re-approved by shareholders every three years following the institution of the plan.

As of May 6, 2011, there were 19,550,532 Common Shares reserved for issuance under the 2007 Share Option Plan, representing approximately 10% of the outstanding Common Shares, having a weighted average price of \$0.05 and a weighted average remaining contractual life of approximately 4.5 years. This leaves 10,784,532 options available for further grants, representing 5.5% of the outstanding Common Shares in the capital of the Corporation.

Material Terms of the 2007 Share Option Plan

The material terms of the 2007 Share Option Plan are as follows:

- (d) **Maximum Plan Shares.** The maximum number of Common Shares that may be reserved for issuance under the 2007 Share Option Plan at any point in time is 10% of the outstanding Common Shares at the time Plan Shares are reserved for issuance as a result of the grant of an Option, less any Common Shares reserved for issuance under share options granted under share compensation arrangements other than the 2007 Share Option Plan. The aggregate number of Common Shares reserved for issuance to any one Optionee, under the 2007 Share Option Plan or any other share compensation arrangement, shall not exceed the number of Common Shares permitted to be so reserved for such Optionee by law and by regulations, rules or policies of any securities authority or stock exchange with which the Corporation may comply;

In the event that such Common Shares are not listed and posted for trading on any stock exchange, the market price shall be the fair market value of such Common Shares as determined by the Board in their sole discretion;
- (g) **Vesting of Options.** The vesting of Options under the 2007 Share Option Plan is at the discretion of the Plan Administrator, and will generally be subject to:
- i. the Participant to whom an Option is granted remaining employed by or continuing to provide services to the Corporation, as well as, at the discretion of the Plan Administrator, achieving certain milestones which may be defined by the Board from time to time, or receiving a satisfactory performance review by the Corporation during the vesting period; or

At the time an Option is granted which carries vesting provisions, the Plan Administrator may vary such vesting provisions, subject to any regulatory approval and ratification by the Board;

- (a) **Term of Options.** Options can be exercisable for a term of up to a maximum of ten (10) years from the date the Option is granted, subject to the Black-Out provisions stated in the 2007 Share Option Plan;
- (b) **Termination of Options.** No Option may be exercised after the eligible person has left the employ/office or has been advised his services are no longer required or his service contract has expired, except as follows:
- i. in the case of the death of an Optionee, any vested Option held by him at the date of death will become exercisable by the Optionee's lawful personal representatives, heirs or executors until the earlier of up to one year after the date of death of such Optionee and the date of expiration of the term otherwise applicable to such Option;
 - ii. any vested Options granted to any Optionee shall expire 90 days after the date the Optionee ceases to be employed by, provide services to the Corporation, or be a Director or Officer, and all unvested Options shall immediately terminate without right to exercise same. In the case of an Optionee being dismissed from employment or service for cause, such Optionee's Options, whether or not vested at the date of dismissal, will immediately terminate without right to exercise same;
 - iii. in the event of a Change of Control occurring, Options granted to Directors and Officers which are subject to vesting provisions shall be deemed to have immediately vested upon the occurrence of the Change of Control;
 - iv. in the event of a Director not being nominated for re-election as a Director of the Corporation, although consenting to act and being under no legal incapacity which would prevent the Director from being a member of the Board, Options granted to such Director which are subject to a vesting provision shall be deemed to have vested on the date of Meeting upon which the Director is not re-elected. Upon an Optionee's employment being terminated for cause or upon an Optionee being removed from office as a Director or becoming disqualified from being a Director by law, any Option or the unexercised portion thereof granted to him shall terminate forthwith;
- (c) **Assignability of Options.** All Options are exercisable only by the Optionee to whom they are granted and are not assignable or transferable, except by will or by the laws of succession of the domicile of the deceased Optionee. No Option granted shall be pledged, hypothecated, charged, transferred, assigned or otherwise encumbered or disposed of, and if any attempt is made to do so, it will automatically become null and void;
- (d) **Financial Assistance.** Subject to applicable law, the Corporation may, in its sole discretion, arrange for the Corporation to make loans or provide guarantees for loans by financial institutions to assist Participants to purchase Common Shares upon the exercise of an Option granted and to assist in paying any income tax payable upon exercise of an Option. Any loans so granted by the Corporation will be full recourse to the Participant and be secured by the Common Shares purchased with the proceeds of the loan, and will be at such rates of interest, if any, and on such other terms as may be determined by the Corporation;
- (e) **Black-Out Period.** The 2007 Share Option Plan also contains a "black-out" provision. Should the expiry date for an Option fall within a black out period or within 9 business days following expiration of the black-out period, such expiry date shall be the 10th business day after the end of the black-out period, such 10th business day to be considered the expiration date for such Option for all purposes under the 2007 Share Option Plan. The 10th business day period referenced in the 2007 Share Option Plan may not be changed by the Board under any circumstances.

On March 30, 2011, the Board approved certain “housekeeping” amendments to its 2007 Share Option Plan in order to comply with new withholding tax requirements promulgated by *The Income Tax Act* (Canada) that took effect January 1, 2011, requiring the Corporation to withhold and remit to the Canada Revenue Agency, the estimated withholding tax on the deemed benefit arising from an employee’s exercise of options.

Operating Line of Credit

The former Chairman of the Board and shareholder guarantees the indebtedness of the Corporation to the Bank limited to \$2,000,000. As at October 7, 2009, the guarantee was reduced to \$1,000,000. In connection with providing the limited guarantee on the operating line of credit, the Corporation paid a fee of 20% per annum on the remaining \$1,000,000 limited guarantee calculated on a daily basis. Fees paid to the former Chairman of the Board and shareholder during the year ended December 31, 2010 amounted to \$200,000 (December 31, 2009: \$300,000). Fees payable to the former Chairman of the Board and shareholder as at December 31, 2010 are \$Nil (December 31, 2009: \$Nil).

Structured Financings

On March 1, 2010, the Corporation completed a private placement of 17,773,211 common shares at \$0.055 per share for gross proceeds of \$977,000. Insiders who subscribed in the private placement were Panta Holdings B.V., the principal of which is Mr. Jaap Rosen Jacobson, a director of the Corporation which has subscribed for 15,995,890 common shares, and Working Opportunity Fund (EVCC) Ltd., the principal of which is Mr. David Levi, a director of the Corporation, which has subscribed for 1,777,321 common shares.

Convertible Loan

On April 16, 2010, the Corporation completed a secured subordinated convertible loan with a principal amount of \$1,771,000 which is currently convertible into a maximum of 29,516,666 common shares.

The secured subordinated convertible loan has been provided by Panta Holdings B.V. through its wholly-owned subsidiary. The loan, which is evidenced by a promissory note, has a five year term with an interest rate of 6% per year; it is secured by a security interest in all of the Corporation's present and after-acquired personal property and a floating charge on land which will rank subordinate to all liens, charges and security interests disclosed. The \$1,771,000 principal amount is convertible into common shares at a conversion price of \$0.06 per common share in the first two years of the loan, \$0.07 per common share in the third and fourth years of the loan, and \$0.08 per common share in the fifth year of the loan. Accumulated interest is not convertible.

MATTERS TO BE ACTED UPON

Approval of Issuance of Common Shares Pursuant to Secured Term Loan

The Corporation intends to enter into a \$6 million principal amount, 10% secured term loan (the "Term Loan") with Panta III B.V. (a wholly-owned subsidiary of Panta B.V. a private investment vehicle, the principal of which is Mr. Jaap Rosen Jacobson, a director and controlling shareholder of the Corporation) ("Panta"). The Term Loan contains a conversion right to convert all or any portion of the principal amount of the Term Loan as elected by Panta, at a conversion price of \$0.07 per Common Share (the "Conversion Price"), into up to 85,714,286 Common Shares (representing approximately 43.8% of the current issued and outstanding Common Shares). The Term Loan may be converted on or before the date which is 60 months from the date of advance of the Term Loan (the "Maturity Date"). The Term Loan is secured by the assets of the Corporation however is subordinate to other, pre-existing debt instruments. Interest on the Term Loan is not convertible.

As partial consideration for the Term Loan, the Corporation will issue to Panta, 19,550,532 common share purchase warrants (the "Panta Warrants"), each Panta Warrant exercisable on or before January 1, 2015 with respect to one Common Share at an exercise price of Cdn.\$0.0713 per Common Share.

The policies of TSX require that shareholder approval be obtained for private placements where, during any six month period, result in the number of listed securities being issued or made issuable to Insiders of the Corporation of greater than 10% of the number of securities of the listed issuer which are outstanding, prior to the date of closing of the first private placement to an insider during the six month period.

As a result of the conversion feature of the Term Loan and the issuance of the Panta Warrants, a total of 105,264,818 Common Shares are being made issuable to Panta, representing approximately 53.8% of the current issued and outstanding Common Shares. The Corporation has made application to the TSX for approval to the issuance of up to 85,714,286 Common Shares on conversion under the Term Loan; however, TSX approval will be conditional upon the Corporation obtaining shareholder approval of such conversion pursuant to TSX Exchange policies.

Currently Mr. Jacobson (the principal of Panta) beneficially owns or exercises control over 88,314,176 Common Shares (representing approximately 45.2% of the current issued and outstanding Common Shares) and securities exercisable into 85,714,286 Common Shares (the "Existing Convertible Securities"). Assuming exercise of the Panta Warrants, conversion of the Term Loan and exercise of the Existing Convertible Securities, Mr. Jacobson would then beneficially own or exercise control over 193,578,994 Common Shares (representing approximately 64.4% of the Common Shares outstanding after giving effect to all such exercises and conversions).

In the event that shareholder approval is not obtained, the interest rate under the Term Loan will be 15% per annum commencing July 1, 2011. Until such shareholder approval is obtained, the Term Loan will not be convertible into Common Shares.

Recommendation of the Board

The Board recommends that shareholders vote in favour of the resolutions approving the issuance of Common Shares on conversion of the Term Loan ("Term Loan Conversion Issuance"). The proceeds from the Term Loan will provide the Corporation with further financial and operational flexibility to carry out its business plan. The proceeds will be used specifically for the reduction of the Corporation's HSBC Bank Canada operating facility.

Implications if Term Loan Conversion Issuance is Not Approved

If the shareholders of the Corporation do not approve the Term Loan Conversion, the interest on the Term Loan will be payable from an annual rate of 10% to an annual rate of 15% per annum, commencing July 1, 2011, such interest, in each case, to be calculated and compounded monthly and payable in arrears on the first business day of each month.

Approval by Shareholders

Shareholders will be asked at the Meeting to consider, and if appropriate, pass a resolution approving the Term Loan Conversion Issuance. To be effective such resolution must be passed by a majority of the votes cast thereon in person and by proxy by the shareholders at the Meeting. The votes attached to the 88,314,176 Common Shares beneficially owned by Panta (representing approximately 45.2% of the Corporation's outstanding Common Shares), or its associates or affiliates, will not be counted. In the absence of a contrary instruction, the individuals named in the enclosed Proxy intend to vote in favour of this ordinary resolution.

The issuance of Common Shares on the exercise of the Panta Warrants does not require shareholder approval but is subject to TSX approval.

Closing of Transaction

The closing of the Term Loan and advance of funds thereunder is subject to a number of conditions precedent and there can be no guarantee that such conditions will be fulfilled.

MANAGEMENT CONTRACTS

Except as set out herein, there are no management functions of the Corporation which are to any substantial degree performed by a person or company other than the directors or executive officers of the Corporation.

The Corporation provides insurance for the benefit of the directors and officers of the Corporation, more particularly described as follows:

- (a) the premium for the primary D&O insurance is, in aggregate for directors and officers, \$46,190;
- (b) the limit of the primary D&O insurance is \$10,000,000 (penal defence coverage and professional services are limited to \$10,000,000 each);
