

Avcorp Structures and Integration builds major airframe structures for some of the world's leading aircraft companies, including BAE Systems, Boeing, Bombardier, Fuji Heavy Industries and Lockheed Martin.

The Avcorp Group has more than 50 years of experience, over 770 skilled employees and 636,000 square feet of facilities. Avcorp Structures & Integration located in Delta BC is dedicated to metallic and composite aerostructures assembly and integration.

The Avcorp Group offers integrated composite and metallic aircraft structures to aircraft manufacturers, a distinct advantage in the pursuit of contracts for new aircraft designs, which require lower-cost, light weight, strong, reliable structures.

Avcorp Industries Inc. is a federally incorporated reporting company traded on the Toronto Stock Exchange (TSX: AVP). More information is available at www.avcorp.com

Jig and Toolmaker
