Alaçatı Surf Paradise Club

Alaçatı Surf Paradise Club was established in 1995 at the most attractive point on Alaçatı Bay by Arkin Pekdağ and Ralf Russe.

Over time, ASPC has become one of the best windsurfing locations in the world. High quality equipment and professional service mean the ASPC culture has spread all over the world, with hundreds of surf lovers coming to enjoy the unrivalled conditions every year.

So what is the ASPC culture?

To describe our unique culture we need to paint a rich and colourful picture. In this picture, dozens of ASPC members are enjoying windsurfing, renting state-of-the-art equipment, relaxing their souls with yoga and their bodies with massage, going on mountain bike rides, water skiing or playing beach volley. Gathering in our restaurant or sipping a cold drink at the bar. The sound of their laughter mixes with the sunset.

At the end of each season we are sad to say goodbye to our clients and friends. But we are also impatient to greet a new season with all its new faces and experiences.
