WolverineBrass® Faucets

When Quality Matters™

Look no further than Wolverine Brass® Faucets – professional-grade faucets made to last. Our faucets give homeowners a stylish, dependable fixture, made from the highest quality materials in the industry. From our robust cartridges to our heavy-duty machined brass underbody with brass waterways, Wolverine Brass faucets are designed to give homeowners confidence in a product that goes above and beyond in meeting their needs.

With WB's best-in-class quality delivered by the professional plumber, homeowners and prospective clients can be confident in the durability and excellence of this truly one-of-a-kind faucet.

- Brass underbody – Sturdy, long-lasting, corrosion-resistant, does not break
- Brass underbody with copper waterways – secure, long-lasting, corrosion-resistant, copper to brass waterways (brazed not soldered) for stronger, unwavering, and leak-free joint
- Durable chrome-plated metal used for all handles and spouts – tough and solid, withstands normal wear and tear
- 100% tested and quality-approved
- Brass Pop-up assembly – well-built and hard-wearing
- Brass Pop-up Shank – substantial, long-lasting shank seals to prevent water leaking from the sink

The Heart of WolverineBrass® Faucets...

Ceramic Disc Cartridge – backed by a 100-year warranty, provided by the company who invented the ceramic disc cartridge over 40 years ago (two kinds available)

- Brass cartridge – has an integrated stem and will withstand higher water temperatures that may be used in commercial applications
- Noryl cartridge – durable and long lasting
