

Reliable Powder Coating Is One Of Top Finishing Shops In North America

Products Finishing magazine names RPC to its 'Top Shops' list

CINCINNATI, Ohio – Reliable Powder Coating has been named one of the best finishing shops in North America, according to an industry benchmarking survey conducted by *Products Finishing* magazine, a trade publication which has covered the industry since 1938.

The magazine conducted an extensive benchmarking survey that analyzed hundreds of finishing companies in several different areas, including Current Finishing Technology, Finishing Practices and Performances, Business Strategies and Performances, and Training and Human Resources.

Only the top 50 shops were given the honor of being a *Products Finishing* magazine 'Top Shop' based on a scoring matrix in those four criteria. Seven of the Top Shops were located in Canada, and the remaining 43 were located in the U.S.

"Reliable Powder Coating has established itself as one of the best finishing operations in the industry," said Tim Pennington, editor of *Products Finishing* magazine. *"The criteria we used was very stringent, and only the top finishing shops that excelled in all four areas made the list. RPC is in rare air when it comes to finishing operations."*

Reliable Powder Coating is located at 1577 Factor Ave San Leandro, CA 94577 and offers Powder Coating, Fusion Bonding, Architectural/Industrial Liquid Coatings, and Sandblasting services.

"We are extremely excited and proud to be named one of Products Finishing magazine's 'Top Shops' for the second year in a row," said Shawn Taylor, owner of RPC. *"Our management team and employees have worked very hard to be the best in the industry, and to provide our customers with quality service."*
