**Dear Parent/Student:**

Thank you for your interest in our [Full Driver Education Program](#). Our objective is to fulfill the standards set by the State of Connecticut. This program consists of 28 hours of classroom instruction, 2hour parent/student session, and 8 hours of behind the wheel instruction. By taking this course, **students may apply for their license 4 months from their permit date**, which can be recognized for an insurance discount. Students will receive the State of Connecticut Certificate upon completion of course.

[Online Classroom Instruction:](#) Classroom instruction will begin once students are registered and are 16 years of age. Students will be sent an invitation through email to join our online Google Classroom. There are only 3 components to each chapter- a reading, a short quiz, and a parent sign off. As soon as one chapter is completed, reviewed, and graded, you will receive a code to join and start the next chapter.

[Parent/Student Classroom:](#) As part of the driver's education class, parents must now complete a course with their son/daughter that will be sent through the email you provide us. This course is also on Google Classroom, and consists of some readings, and a few videos that you can watch on your own time.

[Behind the Wheel Training:](#) Although students may start classroom without a permit at 16, they must have their learner's permit to begin driving. Driving lessons may be scheduled by calling our office or on-line at [www.tomsdrivingschoolct.com](http://www.tomsdrivingschoolct.com) Cancellations, for any reason, must be made 48 hours in advance, or there may be a charge for the time reserved. The cost for the full course is \$875.00

[Testing for License:](#) When all DMV and Tom's Driving School requirements have been fulfilled, Off-Site testing for a Connecticut Driver's License is available at Tom's. No need to go to the DMV! We do it right here for an additional fee of \$195.00. The DMV administers the road exam, using Tom's car only. Pre-registration is required, and the DMV application needs to be submitted to Tom's 2 weeks prior to testing.

Since 1951, thousands of people just like you have entrusted their training to us. With over seven decades of knowledge and experience, Tom's Driving School can ensure your success at becoming a skilled and safe driver in your future. Give us a call, and we can get you started!
