

Sawgrass HOA

Telecommunication Policy and Guidelines

The following is intended to be a guideline for the approved location and installation of satellite dishes and telecommunication equipment at Sawgrass. Please adhere to the following guideline:

Satellite dish and telecommunication equipment installation is only permitted as described in this document unless otherwise approved in the architectural change request document.

Instructions for Approval:

1. Complete and submit Architectural Change Request "ARC" document through your online homeowner portal.
2. Once approved or denied, you will be notified through your portal.
3. Once notification for approval is received, you may begin construction.

Installation and Type Guideline:

1. The location of the dish must be to the rear of the owned structure
2. The dish shall not be visible from the front or side of the owned structure
3. The dish may not be placed in any manner as to affect or interfere with any other home in the community
4. Cables and wiring must be concealed inside of property and are not permitted to be draped on exterior including in/on gutters and downspouts.
