

Simmons Ridge Homeowners Association

Satellite Dish Installation Guideline

The following is intended to be a guideline for the approved location and installation of a satellite dish at Simmons Ridge. Please adhere to the following guideline.

1. Prior to the installation you must have an approved architectural change request form signed and in hand.
2. Satellite dish installation is only permitted as described in this document unless otherwise approved in the architectural change request document.

Location:

1. The location of the dish must be to the rear of the owned structure.
2. The dish will only be mounted on a single pole not more than five feet in height.
3. The dish shall be placed not more than two feet from the structure rear wall.
4. The dish shall be placed not more than two feet from the rear patio of the owned unit.
5. The dish may not be placed in any manner as to affect or interfere with any other unit on the property.
6. Please utilize the photo below as a guide line as to where and how the dish should be installed.
