CHASCo’s Vision
To sustain a statewide network of staff, faculty and students empowering our campuses and communities to engage in positive health and safety behaviors.

We Do This By Providing:
- Professional Development & Networking Opportunities
- Assessment Tools
- Resources and Funding for Evidence-Based Programming
- Research on Prevention Best-Practices

“The networking and collaboration provided by our membership in CHASCo affords the opportunity for our community college to get to know more about ‘what’s working’ on other community colleges. It saves ‘reinventing the wheel’ and allows for a closer interaction among the institutions that might not otherwise happen.”

Ray White, Counselor
Walters State Community College

“CHASCo has provided me with the resources, professional development, grant funding, networking and support to optimize my work in the field of alcohol and other drug prevention. The prevention efforts at UTC have been guided by CHASCo’s commitment to providing institutions with the tools necessary to successfully implement evidence-based strategies and prevention planning for our campus.”

TRICIA HENDERSON, LPC-MHSP
