TO WHOM IT MAY CONCERN

Truck and Equipment Service Co Pty Ltd (**T&E**) has been providing Trinity Petroleum with fleet servicing, maintenance and regional breakdown support for over 10 years.

Trinity Petroleum operates a fleet of fuel delivery heavy vehicles including Kenworth, Volvo and Mitsubishi models together with the accompanying trailers.

Being a locally owned and based company in FNQ, the T&E team have great awareness of local seasonal, regional and logistical challenges faced by the Transport Industry in FNQ, and strive to accommodate our needs and response times accordingly.

Communication is always prompt and T&E work to minimize our downtime while still ensuring a high quality of work. The T&E team are proactive in making recommendations for future maintenance scheduling to minimize downtime during our peak Dry Season Period.

It is great to see that T&E also supports local trades, apprentices and trainees in the Cairns Region, helping retain the core skills that support the Regional Transport Industry.

Yours sincerely,

Trinity Petroleum Services
