As members of their child’s Individualized Education Program (IEP) team, parents (and other team members) often feel like they have more questions than answers about their role, rights and responsibilities. Following the steps in the NH special education process, this workshop will provide participants with an “advocacy toolbox” of information, resources and organizational tools and strategies, and answers to parents’ most frequently asked special education questions pertaining to students who are deaf or hard of hearing.

Staff development certificates will be provided

Pre-registration is required for this free workshop. Pre-registration will ensure that we have sufficient materials for all participants. To pre-register or for more information, please contact Pam Lovejoy at Northeast Deaf and Hard of Hearing Services at: (603)-224-1850 ext. 203, or e-mail at: plovejoy@ndhhs.org. If you need an interpreter or CART services, please specify when registering.
