### Two Recovering From Heart Surgery

Dan Forrester, Vice President of the FCRA Board, just went through major heart surgery. He is a fighter. Although, being hospitalized twice, he keeps on ticking. His determination doesn't let down. Congratulations and get well wishes are sent to you from all of us at FCRA.

He continues to work for the FCRA despite his health. We wish him the best.

Another of our long time homeowners, went through heart surgery as well. J. W. Young had his surgery and recuperated away from the ranch.

If you happen to be at the FCRA, you may see him walking either earlier mornings or evenings. That's part of his therapy and recovery process. He is also back volunteering. Don't think this man knows what it means to take it easy. Get well J. W.

and well wishes are sent your way.

Others who have had health issues are also recovering.

Well wishes are sent to Isaul Garcia. He also doesn't give up. Mr. Garcia continues fighting to get better every day.

To all others who have had surgery or a recent illness, we wish you a speedy recovery and hope all goes well.

We THANK all our owners and their relatives who have served our country and are serving our country now.

THANK YOU for protecting us and letting us enjoy the freedom we do.

Many have laid down their lives for us. Let us remember them for their sacrifice.

If you haven't taken the time to THANK them, do so. They did it for us all!

Our water operator gave us the news that our water well is at normal height 25 feet. Several leaks were repaired in April. The rains have helped us quite a bit.

The water system went through some repairs and improvements including a new pressure tank.

Thanks Aaron for taking care of our water system for us. And thank you for helping out with other ranch repairs, road work and mowing. We appreciate it.
